Regular business hours resume Friday, August 7th!

AUGUST IS NATIONAL IMMUNIZATION AWARENESS MONTH

National Immunization Awareness Month (NIAM) is an annual observance to highlight the importance of immunizations across the life span, from infants to the elderly. Vaccines are among the most successful and cost-effective public health tools available for preventing disease and death. They not only help protect vaccinated individuals, but also help protect entire communities by preventing and reducing the spread of infectious diseases. Vaccines not only prevent disease, they reduce the costs associated with missed time from work, doctor visits, and hospitalizations.

**Contact your doctor today to be certain
you and your family are up to date on your vaccinations!**
