- Dr. Liz Wolfinger, wolfingere@meredith.edu
- Dr. Betty Webb, Professor Emerita

**Program Cost:** $6450 (see reverse for budget)

---

**Student Voices**

“After studying abroad in London, I now feel more connected to the events going on in the world. I feel like I was a part of history. I realize now that the things going on in my life, things that I used to worry so much about, do not matter in the greater perspective of the world I now know. My study abroad experience will continue to be a part of me, and the person I will become. London will always hold a special place in my heart.”

- Emily Johns, United Kingdom ‘14

**Scholarships & Financial Aid:**
Additional study abroad funding is available. Visit www.meredith.edu/studyabroad to access the scholarship application. Deadline: **February 2**.

**Apply Now!**
Visit www.meredith.edu/studyabroad to access the study abroad application. Applications accepted until **February 2**.
The program begins in the heart of London, in beautiful Kensington Square at Heythrop College. You will find an almost overwhelming variety of opportunities in theatre, music, dance, art, museums, and historic sites. Four weeks in London will not seem enough.

Mornings will find you in classes. The rest of most days and weekends are free for sightseeing, independent travel, and of course, study. This is a rigorous academic experience. You will be required to take a minimum of six hours, and three of those hours must be in IDS 301: Arts, Artifacts, and Culture. Independent study and honors credit is available in some areas, but at an extra cost if taught by non-Meredith abroad faculty.

Two long weekend breaks while in London could allow you to travel independently! And if you don’t want to leave Great Britain you could scarcely do better than a few days in Edinburgh, Scotland; beautiful York; or the Lake District. Or stay in London and enjoy day trips from there. The options are almost endless!

**ACADEMICS:**

<table>
<thead>
<tr>
<th>COURSE &amp; CREDIT</th>
<th>INSTRUCTOR</th>
<th>DESCRIPTION</th>
<th>HOW DOES THIS COUNT?</th>
</tr>
</thead>
</table>
| IDS 301: Arts, Artifacts, & Culture - UK, Required, 3 credits | Dr. Betty Webb  
Professor Emerita & Former Director of International Programs at Meredith | An introduction to the culture and social mores of the peoples in the UK based on a study of their arts and artifacts. Principal assignment is an in-depth travel journal. | Arts and Aesthetics, or Cultural Elective, and Global Perspectives                   |
| ENG/THE 350: Modern Drama, 3 credits | Professor Cathy Rodgers  
Program Director & Professor of Theatre rodgersc@meredith.edu | A study of modern theatre from 1875 to the present, this course will look at the development of drama through playwrights and their works. Beginning with Ibsen, Strindberg, Chekhov, and Shaw, the class will explore important 20th century plays and conclude with contemporary drama. Work will include substantial reading and writing, with viewing and reviewing of performances seen in London. | Arts and Aesthetics, Literature elective, and Writing Intensive Requirement           |
| BIO 930: DNA: The Blueprint for Life, 3 credits | Dr. Liz Wolfinger  
Dean, School of Natural and Mathematical Sciences, wolffingere@meredith.edu | We will explore DNA’s structure and function along with its role in agriculture, medicine, and forensics. The course is designed to make science interesting, while introducing students to the fascinating molecule that is central to life. | Natural math & science elective, or biology major elective, and will carry either an OC or II. thread |
