Overview

Founded by the Baptist State Convention of North Carolina in 1891, Meredith College is now a private, independent college for women located in Raleigh, North Carolina. Approximately 1,700 undergraduate students benefit from a rigorous academic program in the humanities, arts and sciences combined with diverse majors and concentrations that prepare them for careers and for graduate and professional studies. The College also serves several hundred women and men through the John E. Weems Graduate School and the non-credit offerings of its post-baccalaureate and community outreach programs. Meredith is committed to learning for life in all its dimensions. Its location in North Carolina’s vibrant capital city and famed Research Triangle Area offers many opportunities and benefits for students, faculty and staff.

History of the College

The rich heritage enjoyed by the Meredith student of today began in 1835 when, at a session of the Baptist State Convention, the idea of a university for women was conceived. Thomas Meredith, founder and editor of the Biblical Recorder, was named to chair the first committee and was a member of subsequent ones that kept the concept alive. In 1838 he urged his fellow Baptists to institute a “school [to] be modeled and conducted on strictly religious principles, but that it should be, as far as possible, free from sectarian influence.” Baptist Female University was chartered by the legislature of North Carolina in 1891; the institution opened on September 27, 1899, and achieved a first-year enrollment of 220 students in its preparatory, baccalaureate, and master’s programs. Its first graduating class of ten women, who became known as "The Immortal Ten," received their degrees in 1902; one was awarded a M.A. degree and nine received B.A. degrees.

In 1905, the name of the institution was changed to Baptist University for Women. In 1909, the Trustees approved re-naming the institution Meredith College in honor of the leader whose persistence helped make it a reality. The State of North Carolina approved the revised Charter in 1911, the same year that the institution deleted its offering of the master’s degree. Elimination of its preparatory department was completed in 1917. Programs at the master’s level were offered again in 1983, and in 1988, the Graduate Studies Program at Meredith was named the John E. Weems Graduate School in honor of Meredith’s sixth president.

In February 1997, the Meredith College Board of Trustees voted to become a self-perpetuating body in order to maintain the independence, identity, and integrity of the institution. As an independent institution the College has moved from a fraternal, voluntary relationship to a historical relationship with the North Carolina Baptist State Convention. The College continues to avow its Christian heritage while affirming the value of religious diversity.

The campus, originally located near the capitol of North Carolina, was moved to its present west Raleigh site, with students reporting to the new campus in January 1926. Over the years it has grown from a single building in downtown Raleigh to a 225-acre campus that not only accommodates the Meredith community and its educational programs but also serves the public in many ways.

The John E. Weems Graduate School Mission Statement and Guiding Principles

Mission Statement
The mission of graduate programs at Meredith College is to provide:

- student-centered educational experiences for men and women from diverse backgrounds
- curricula that are relevant to professional preparation and advancement of individual goals
- academically challenging learning in an environment that emphasizes critical thinking, leadership and application of theoretical knowledge in practical settings
- collaborative faculty/student relationships in education and research.

Guiding Principles

- We provide programs that are consistent with the mission of the College.
- We encourage relationships with the larger community.
- We promote diversity, mutual respect and inclusiveness.
- We encourage involvement, teamwork, shared purpose and commitment.
- We expect ethical behavior among our students, faculty, staff and community partners.

Graduate Programs
The John E. Weems Graduate School of Meredith College offers four master’s degree programs:

- Master of Business Administration (M.B.A.)
- Master of Education (M.Ed.) with concentrations in Academically and Intellectually Gifted (AIG), Elementary Education, English as a Second Language (ESL), Reading, or Special Education (general curriculum)
- Master of Arts in Teaching (M.A.T) with specialty in Elementary Education, English as a Second Language (ESL), or Special Education (general curriculum)
- Master of Science in Nutrition

Also offered are four post-baccalaureate programs:

- Business Foundations Certificate
- Didactic Program in Dietetics Post-Baccalaureate Certificate
- Dietetic Internship
- Paralegal Certificate
- Pre-Health Post-Baccalaureate Certificate

Statement of Honor
In keeping with the traditions of honor at Meredith College and the John E. Weems Graduate School, all graduate students are expected to demonstrate personal integrity in their work and actions. By accepting admission to the Graduate School, students acknowledge and agree to adhere to the Honor Code.

We, the Meredith community, are committed to developing and affirming in each student a sense of personal honor and responsibility. Uncompromising honesty and forthrightness are essential elements of this commitment.

Faculty
Faculty who choose a career at Meredith embrace teaching, advising and mentoring as their highest professional priorities. Effectiveness in these roles also demands ongoing study, research and various forms of professional involvement. Balancing these numerous functions, professors model intellectual inquiry for students and bring the best of their disciplines to the curriculum.

Meredith faculty participate in the leadership of the college, serving on committees, writing grants and helping to envision and plan for growth and change. They serve the Triangle area community and its religious institutions through a range of volunteer efforts.

Diversity and Openness: Meredith’s Nondiscrimination Policies
In all of its interactions and endeavors, the Meredith College community not only respects the diversity of its members but also welcomes students and employees of any age, race, creed, national or ethnic origin and sexual orientation. Diversity is essential to the education of those who will manage, lead and creatively shape the professions they enter. The college does not discriminate on the basis of age, race, creed, national or ethnic origin or sexual orientation in administration of its educational policies, admissions policies, scholarship and loan programs, or athletic and other school-administered programs.

College policies and administrative practices also accommodate the needs of students with disabilities. The college does not discriminate in admission or access to its programs and activities on the basis of disability as defined by Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Inquiries may be directed to the disabilities services coordinator in the Counseling Center in Carroll Hall, (919) 760-8427, or DisabilitiesServices@meredith.edu or the Americans with Disabilities Act Coordinator, the dean of students, in the Office of Student Leadership and Service in the Park Center, (919) 760-8521.

Accreditation
Meredith College is accredited by the Commission on Colleges of the Southern Association of Colleges and School to award baccalaureate and masters degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097 or call (404) 679-4500 for questions about the accreditation of Meredith College.

The Commission should be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a requirement or standard.
**Program Accreditations and Approvals**

The College maintains the following program accreditations:

- Association to Advance Collegiate Schools of Business International (AACSB).

- Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND).
  The Didactic Program in Dietetics and the postbaccalaureate Dietetic Internship Program are accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND) (120 South Riverside Plaza, Ste. 2000, Chicago, IL 60606-6995, telephone (312) 899-4876).

- National Council for Accreditation of Teacher Education (NCATE)

The college has approval of programs from the following agency:

- North Carolina Department of Public Instruction (initial and advanced teacher licensure programs)
The John E. Weems Graduate School seeks to enroll students who will not only benefit from a particular graduate program, but who will also contribute to the classroom discussion based on their own experience. Applicants must have successfully completed a bachelor’s degree program from a regionally accredited four-year institution. Each applicant is evaluated by an admissions committee on the basis of baccalaureate-level preparation, undergraduate grade point average, standardized test scores, work experience, recommendation forms and other criteria established by the specific departments.

Each Meredith graduate student has up to six years from the time of initial enrollment in graduate-level courses to complete the requirements for the degree. If the requirements are not completed within six years, the student’s admission will be terminated.

Admission may be granted to a degree-seeking student who has applied for admission to one of the graduate programs, but still needs to fulfill the departmental prerequisite criteria. In this case, the student must successfully complete any prerequisites, as determined by the Program Director.

Application Procedures
To be considered for admission to a graduate program (with the exception of the MAT Program), all application materials must be submitted to the Graduate School by:

Master of Business Administration
- June 1 (Fall)
- November 1 (Spring)

Business Foundations Certificate
- August 1 (Fall)
- January 2 (Spring)

Master of Arts in Teaching
- March 1 (Early-decision)
- June 1

Master of Education
- April 1 (summer)
- July 1 (fall)
- November 1 (spring)

Master of Science in Nutrition and Didactic Program in Dietetics
- April 1 (summer)
- July 1 (fall)
- November 1 (spring, for Master only)

Pre-Health Post-Baccalaureate Certificate
- April 1

Graduate application materials may be obtained online at www.meredith.edu/graduate or by contacting the Graduate Studies Office at:

Meredith College
The John E. Weems Graduate School
3800 Hillsborough Street
Raleigh, North Carolina 27607-5298
Telephone: (919) 760-8423
Fax: (919) 760-2898
Email: graduate@meredith.edu

The program-specific materials listed below must be submitted to the Graduate Studies Office by the appropriate deadline in order for an application to be considered complete.

See the Dietetic Internship program section of this catalogue for DI application procedures on page 35.

Requirements for Admission

Master of Business Administration
- Application and non-refundable $60 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes
- Two completed recommendation forms, in sealed envelopes, from people with knowledge of the applicant’s professional work or ability
- Official report of scores of the Graduate Management Admissions Test® (GMAT®), mailed directly from GMAC (minimum score of 400 required), or Graduate record Exam (GRE), mailed directly from ETS
- Resume or C.V. (Applicants are required to have a minimum of two years post-baccalaureate professional work experience. This policy does not apply to students in the BS/MBA option for Accounting or may be waived by the Dean of the School of Business as deemed appropriate.)
- Responses to essay questions

Once a complete application has been received, the applicant may be contacted to schedule an interview. Admission decisions are based on a combination of factors, including but not limited to satisfying the minimum GMAT or GRE score requirement.
**Business Foundations Certificate**
- Application for post-baccalaureate study and non-refundable $25 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes
- Resumé

**Master of Education and add-on Licensure Programs**
- Application and non-refundable $60 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes or sent electronically directly to Meredith College from the institution.
- Two completed recommendation forms, in sealed envelopes, from people with knowledge of the applicant’s professional work or ability
- Official report of scores of the Graduate Record Examinations® (GRE®), mailed directly from the Educational Testing Service, or official mailed scores from the Miller Analogies Test (MAT). Target scores GRE Verbal = 400, V+Q = 850 or higher, analytical = 4.0 or higher, target MAT scores 400 or higher
- Statement of work experience (resume or C.V.)
- Copy of teaching license
- Responses to essay questions

*Once a complete application has been received, the applicant may be contacted to schedule an interview. Admission decisions are based on a combination of factors including, but not limited to, academic performance, professional experience, ability, program fit and test scores.*

**Master of Arts In Teaching**
- Application and non-refundable $60 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes or sent electronically to Meredith College from the institution.
- Two completed academic and/or professional recommendations, in sealed envelopes, from professionals who can speak to your work ethic
- Official report of scores of the Graduate Record Exam (GRE), mailed directly from the Educational Testing Service target score requirement of 1000 or higher (combined verbal and quantitative), analytical 4.0 or higher
- Statement of Work Experience (resume or C.V.)
- Responses to essay questions

*Once a complete application has been received, the applicant may be contacted to schedule an interview. Admission decisions are based on a combination of factors including, but not limited to, academic performance, professional experience, ability, program fit and test scores.*

**Master of Science in Nutrition**
- Application and non-refundable $60 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes with institution’s seal over the flap
- Two completed recommendation forms, in sealed envelopes, from people with knowledge of the applicant’s professional work or ability
- Official report of scores of the Graduate Record Examinations® (GRE®), mailed directly from the Educational Testing Service
- Statement of work experience (resume or C.V.)
- Responses to essay questions

*Once a complete application has been received, the applicant may be contacted to schedule an interview.*

Competitive applications for acceptance into the Master of Science in Nutrition program meet the following conditions, and target-score values, for which applicants should aim:

- Target GRE scores of 40%tile Verbal and 40%tile for Quantitative;
- Target GPA of 3.0 for Bachelors and Meredith MS Nutrition prerequisites;
- Completion of, or current enrollment in, Introductory Nutrition, undergraduate Statistics (within five years), and General Chemistry I;
- Professional experience-one letter of reference should be provided by a supervisor from an employment or volunteer position;
- Focused topic of interest for practical or research experience, and program compatibility, clearly evident in essay answers;
- Professional writing skills demonstrated in essays and GRE Writing score.

Many students seeking a Master of Science in Nutrition degree from Meredith College have a concurrent interest in pursuing requirements to complete the Didactic Program in Dietetics (DPD) in preparation for application to a dietetic internship. Acceptance into the MS Nutrition program is not a guarantee of acceptance into the dietetic internship program at Meredith College. Please note that the application for the MS Nutrition program should reflect your research and/or practical interests in the field of nutrition and how a Master’s degree in nutrition from Meredith College will contribute to your academic and professional goals independent of any specific interests in becoming a Registered Dietitian.

**Didactic Program in Dietetics Certificate**
- Completed paper application
- $40 application fee (check or money order made out to: Meredith College)
- Three official transcripts from each college and university attended, in sealed envelopes. Bachelor’s degree must be from
Applicants must submit satisfactory TOEFL or IELTS scores. The required minimum total score on the exams are:

- The paper-based TOEFL exam = 550 (with a minimum section score of 50 in all sections)
- The internet-based TOEFL exam = 80 (with a minimum section score of 20 in all sections)
- The computer-based TOEFL exam = 213
- The IELTS exam = 6.5

The TOEFL Bulletin of Information is available at American embassies and consulates, or can be obtained by writing: TOEFL, CN 6155, Princeton, New Jersey 08541-6155, or online at www.ets.org.

The IELTS application information can be obtained by writing: IELTS International, 825 Colorado Boulevard, Los Angeles, California 90041, or online at www.ielts.org

International students must also present copies of the following forms to the Graduate Studies Office:

- Passport
- Visa
- I-94 card, Arrival/Departure Record
- I-20
- Alien Registration Number (permanent resident only)
- Financial statement showing resources for a one year period
- Proof of health insurance

Applicants holding F-1 visas must list the school or college they have permission to attend and submit a copy of their current I-20 form. The College will assist them in the preparation of a new I-20 form, if applicable. Admission of a foreign student who requires an F-1 visa is conditional until the proper visa is obtained. A student must be admitted to the graduate program to receive an I-20.

**Pre-Health Post-Baccalaureate Certificate**

- Completed paper application, including a 500-word personal statement
- $40 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes. Bachelor's degree must be from an accredited institution. For international transcripts, a certified translation into English with a course-by-course evaluation is required, and can be mailed directly from a pre-approved organization
- Official report of scores of the SAT, GRE, or MCAT, mailed directly from the testing organization
- Two completed recommendation forms, in signed, sealed envelopes, from people with knowledge of your professional work or academic ability within your area of work or study.

**International and Permanent Resident Applicants**

*International and permanent resident applicants must also submit:*

- If the original transcripts are not from an Accredited America University, a certified translation into English is required. In addition, a course-by-course evaluation (including the GPA option) of the applicant's academic documents compiled by an independent academic credential evaluation provider will be requested for any post-secondary work or Commonwealth advanced level examinations taken outside of the United States. Options for independent course evaluation services include World Education Services (WES) and Education Evaluators International (EEI). Students wishing to use other independent evaluators need approval from Meredith. Each company requires a fee from the applicant for processing evaluations. For more information on WES, visit www.wes.org or for EEI, visit www.educei.com.

- Official scores from Test of English as a Foreign Language (TOEFL) reported directly from ETS.org; or official scores from International English Language Testing System (IELTS) reported directly from IELTS.org. The College does not accept any other English Language tests.

Scores must not be more than one year old, unless the student has been enrolled full-time in an accredited American college or university in the interim.

Except in cases where English is their native language, international applicants must submit satisfactory TOEFL or IELTS scores. The required minimum total score on the exams are:

- The paper-based TOEFL exam = 550 (with a minimum section score of 50 in all sections)
- The internet-based TOEFL exam = 80 (with a minimum section score of 20 in all sections)
- The computer-based TOEFL exam = 213
- The IELTS exam = 6.5

The TOEFL Bulletin of Information is available at American embassies and consulates, or can be obtained by writing: TOEFL, CN 6155, Princeton, New Jersey 08541-6155, or online at www.ets.org.

The IELTS application information can be obtained by writing: IELTS International, 825 Colorado Boulevard, Los Angeles, California 90041, or online at www.ielts.org

International students must also present copies of the following forms to the Graduate Studies Office:

- Passport
- Visa
- I-94 card, Arrival/Departure Record
- I-20
- Alien Registration Number (permanent resident only)
- Financial statement showing resources for a one year period
- Proof of health insurance

Applicants holding F-1 visas must list the school or college they have permission to attend and submit a copy of their current I-20 form. The College will assist them in the preparation of a new I-20 form, if applicable. Admission of a foreign student who requires an F-1 visa is conditional until the proper visa is obtained. A student must be admitted to the graduate program to receive an I-20.

**Non-Degree, Post-Baccalaureate Study**

An individual with a bachelor's degree from a regionally-accredited four-year college or university may enroll in graduate courses without being admitted to a degree program (excludes MAT Program). The following must be submitted to enroll as a Post-Baccalaureate Study (PBS) student:

- Application and non-refundable $25 application fee
- Official transcripts from all colleges and universities attended, in sealed envelopes.
- For MBA program, a current resume is also required.
- For MED program, a copy of teacher's licence is also required.
- The PBS option is not available for the MAT program.

A maximum of six graduate-level credit hours taken in this manner may be applied toward graduate degree requirements at Meredith. In the MBA program, PBS students may enroll in 500-level courses only. PBS students may register for classes only after degree-seeking
students are registered. If a PBS student decides to apply to be a degree candidate, all requirements for admission must be met, including the $60 non-refundable application fee. Enrollment as a PBS student does not guarantee program admission.

Women may take prerequisite courses in Meredith’s undergraduate classes as PBS students. Both women and men may take the Foundations courses for the MBA program as PBS students.

Visiting Students
A student who has authorization for credit at Meredith from another college may register for one or two courses with credit. Visiting students may not take classes in the MAT program. Visiting students may register only after degree-seeking students are registered. The following must be submitted to enroll as a visiting student:

- Application and non-refundable $25 application fee
- Letter from a representative of the school to which applicant plans to transfer credit, stating that the student has permission to take specified courses at Meredith College

The visiting student must request that the registrar at Meredith send a copy of the transcript to the originating school when the course(s) is/are completed. Acceptance of visiting students must be approved by the Program Director. For the MBA program, official transcripts and resumé are also required.

Admission Tests
In order for a degree application to be considered complete, the appropriate official report of scores must be received by the Graduate Studies Office. Whether an applicant chooses to prepare via self-study or take a preparatory course, sufficient time should be allowed to prepare for an admission test. Applicants should indicate Code No. 5410 for Meredith College on the test registration form so that an official report will be sent to Meredith College. Allow a minimum of three weeks for the official report to be mailed from the testing center.

The Graduate Management Admission Test® (GMAT®) and Graduate Record Examinations® (GRE®) tests are administered as computer adaptive tests (CATs) throughout North America and at many international sites. These tests measure general verbal, mathematical and analytical writing skills. The Miller Analogies Test (MAT) is an analytic ability test requiring the solution of problems stated as verbal analogies, with a few quantitative analogies. The MAT is intended to assess the student’s ability to recognize relationships between ideas, fluency in the English language and general knowledge of literature, philosophy, history, science, mathematics and fine arts. These tests are viewed as predictors of academic success in the first year of graduate school.

Applicants to Meredith’s graduate program in Education or Nutrition who have previously earned a master’s degree or a doctorate from a regionally-accredited United States college or university may choose not to take the admissions examination for that program (e.g., GRE® or MAT). Acceptance of an advanced degree in place of an admissions examination does not guarantee admission to a program. Applicants to the Master of Arts in Teaching Program must submit GRE scores. The Miller Analogies Test will not be accepted for the MAT program.

An applicant to Meredith’s Master of Science in Nutrition program who has successfully (received all As or Bs) completed his or her academic coursework for Meredith’s Dietetic Internship, may be allowed to substitute this academic work, along with a recommendation from the Meredith College DI supervisor, for the GRE®.

The GMAT® or GRE is required for all MBA applicants.

Notification of Admission
Applicants are notified of admission status in writing by the Graduate Studies Office upon completion of the review process by the Admissions Committee. To accept the offer of admission and to be able to register, a new student must return a Confirmation Form and a non-refundable deposit of $100 to the Graduate Studies Office by the date specified in the admissions letter. This deposit will be applied toward the student’s first tuition bill.
Graduate Academic Policies

Honor and Integrity

Meredith students are responsible for ensuring that the Honor System is upheld at all times. Any dishonorable action will be regarded as a violation of the Honor Code. In particular, students must refrain from cheating, stealing, lying or plagiarizing (see a complete list of Honor Code violations below).

If a student is aware of a violation by another student, s/he should call that student’s attention to the violation and ask that the student turn him- or herself in. If the student refuses, the observer must decide on the basis of his or her conscience whether or not to report the student whom s/he believes has violated the honor code.

1. Students should report themselves or be reported to a faculty member, coordinator or director of their graduate program. A faculty member who observes students in violation of the honor code should confront them.
2. Upon receiving such a report or making such an observation, the faculty member should notify the Dean of the School.
3. The Dean will convene a Graduate Honor Council composed of a student representative, a faculty member and a member of the Graduate Studies Committee. The Dean will not sit on the Graduate Honor Council. The Graduate Honor Council will hear the facts of the case from the accused, the accuser (if any) and the faculty member. The Graduate Honor Council recommends penalties, if any, and reports them to the Dean.
4. The Dean will notify the accused student of the findings of the Graduate Honor Council and ensure that any penalties are enforced.
5. If s/he wishes, the student may file a written appeal of the ruling to the Dean of the School within 14 days of receiving notice of the findings.
6. Should the student wish to appeal further, s/he may do so within seven (7) days to the Vice President for Academic Planning and Programs. A final appeal may be made in writing within seven (7) days to the President of the College, whose ruling is final.

Note: Penalties resulting from cases involving academic dishonesty do not preclude the right of the faculty member to levy an academic penalty that s/he deems appropriate.

Description of Honor Code Violations

The Honor Council acts on violations of the Honor Code. Violations of the Honor Code include, among others:

- Academic dishonesty, including, but not limited to:
  1. Unauthorized copying, collaboration, or acceptance of assistance in the preparation of written work or laboratory work
  2. Plagiarism—which is defined as the intentional representation of another person’s words, thoughts, or ideas as one’s own;
  3. The use of notes, books, or other unauthorized aids on examinations;
  4. Stating that assignments are completed when they are not (i.e., parallel readings);
  5. Aiding and abetting a dishonest action of another student.
  6. Falsification of data
- Theft or misuse of, or damage to any personal property on institutional premises, any academically related personal property wherever located, or any college property.
- Violation of any college policies as set forth in this Student Handbook.
- Alteration, forgery, falsification, abuse, or fraudulent misuse of college documents, records, or identification cards.
- Violation of rules governing the residence halls, the health center, the library, the dining hall, and other college owned, operated or regulated property.
- Conduct resulting in physical or psychological harm to another or which otherwise threatens or endangers the health or safety of any such person.
- Intentional disruption or obstruction of teaching, research, administrative, disciplinary procedures, or other college activities, operation or functions, including the failure to appear before college officials or disciplinary bodies when directed to do so.
- Disorderly conduct on College-owned, -operated, or -controlled property or at college-sponsored functions.
- Disorderly conduct shall include acts which violate the rights of others, which tend to breach the peace, or which are deemed lewd, indecent, or obscene.
- Possession of firearms or other weapons on College property or at College-sponsored functions.
- Unauthorized entry into or occupation of, or trespass upon college facilities or property.
- Unauthorized use of the name of the College or the names of member organizations in the College community.
- Intentional abuse of a position of trust or responsibility within the College community.
- Furnishing of false information, with intent to deceive, to members of the College community who are acting in the exercise of their official duties.
- Failure to follow directions given by College officials or staff members in the exercise of their official duties.
- Any violation of federal, state, or local law if such directly affects the College’s pursuit of its proper educational purposes.
- Failure to abide by sanctions or penalties properly imposed by the College or disciplinary bodies.
- Aiding or abetting any violation of the Honor Code. Any other conduct which is undesirable or unacceptable, or interferes with or threatens the College’s ability to fulfill its educational purposes.

NOTE: A student may be accused of more than one violation as a result of a single incident. Ignorance of a rule or regulation shall not be accepted as a defense by the Honor Council.
Registration and Course Credit

Choice of Catalogue

Students are subject to the degree requirements and policies described in the Graduate Catalogue that is in effect when they first enroll, or any subsequent catalogue published during their time of study. A student who is approved for readmission to the College after an absence of more than one year will comply with the requirements either of the catalogue under which s/he is readmitted or those of a subsequent catalogue. Exceptions may be necessary in order to conform to standards of outside accrediting agencies.

Registration

New and continuing students work directly with their Program Director/Advisor for individual academic advising. Once the student has been advised he or she may use WebAdvisor to register online during the preregistration period. A degree-seeking student who is enrolled in six graduate credit hours per semester is defined as a full-time graduate student.

Dropping/Adding a Course

A student may add or drop a course or change sections only during the first five calendar days of the semester. The student may use WebAdvisor to do so online or make the changes with the program advisor. The student may add a course if space is available, or with the approval of the program advisor.

For courses that begin later in the semester the student may add or drop that course up until the beginning of the second class period.

Leave of Absence (LOA) and Withdrawal Policy

A student wishing to withdraw from all of their courses prior to the end of the semester consults with their Program Director/Advisor and submits a completed withdrawal form to the Graduate Studies office to withdraw from the College, or to the Office of the Registrar to request a Leave of Absence from the College (if he or she plans to return within one calendar year). These forms can be found on the Office of the Registrar website (www.meredith.edu/registrar). Tuition, fees and financial assistance adjustments are determined based on the date the withdrawal form is received in the Graduate Studies office or the leave of absence form is received in the Office of the Registrar.

Students who withdraw or request a leave of absence from the College in the first 5 days of the semester, during the add/drop period, will be dropped from all of their classes. Classes that are dropped within the first 5 days of the semester (during the add/drop period) do not appear on an academic transcript. Classes dropped after the first 5 days of the semester and before the “last day to drop a class with a “W” are dropped with a grade of “W”. The grade of “W” on the academic transcript will indicate withdrawal from a course. A grade of “W” does not affect a student’s GPA or earned hours. A grade of “W” is included in the calculation of attempted hours for academic standing and financial assistance eligibility. The deadline to withdraw or request a leave of absence from the College and receive grades of “W” is the “last day to drop a class with a grade of W” as published in the academic calendar.

Students who cease attendance in registered classes and fail to turn in either the withdrawal form or the leave of absence request will receive the calculated final grades earned at the end of the semester.

Exceptions to the deadline will be considered upon appeal for medical or other documented emergencies and must be appealed to the Vice President for Academic Programs (104 Johnson Hall) to whom the student will provide documentation demonstrating their inability to withdraw by the designated deadline. Acceptable documents include, but are not limited to, medical records, a letter from a treating physician or counselor, or documentation of a family medical emergency.

A student who withdraws or receives an approved leave of absence from the College and lives on campus is expected to vacate their residence within 48 hours or through arrangement with Residence Life. If the student has appealed the drop deadline, the time to vacate their residence begins when the decision concerning her appeal is communicated to her.

A student who has withdrawn from the College must reapply to the program. A student who receives an approved leave of absence will remain an active student and does not need to reapply for readmission to return to the College if returning within one year of the approved leave.

Leave of Absence Eligibility

A currently-enrolled student may request from the registrar a leave of absence for up to one year without having to reapply to the program as long as the student is in good academic, social and financial standing at Meredith. Students receiving financial assistance should confer with the Financial Assistance office before applying for a leave. A student on leave of absence who does not re-enroll within the allotted leave time will be officially withdrawn from the College. After any withdrawal or non-compliance with the leave policy, a student must follow the re-admission process.

A student is in good academic standing if he or she will not be on academic warning or probation at the end of the term in which he or she applied for the leave of absence. The student is in good social standing if she or she is not on social probation and if there is no honor council case pending that would involve probation, suspension, or expulsion. To be in good financial standing, a student must have paid all tuition, fees and other charges in the accounting office.

When granted an approved leave of absence, students may return to the program with the same status they held at the time of their departure and under the same catalogue. This policy does not change the six-year time limit (starting when the first graduate-level course was taken, including transfer courses) required for the completion of the graduate degree.
If a student withdraws, is dismissed, or is granted a leave of absence from Meredith before the end of a semester, s/he is responsible for the following percentage of the full semester tuition:

Student must pay:

- Up to and including the 5th calendar day of the semester: 0%
- 6th through 10th calendar day of the semester: 20%
- 11th through 20th calendar day of the semester: 40%
- After 20th calendar day of the semester: 100%

Any refund due will be mailed from the Accounting Office to the student after the withdrawal or leave of absence paperwork has been processed.

### Transfer Credit and Credit from Other Programs

#### Cooperating Raleigh Colleges (CRC) Credit

Meredith College and North Carolina State, Shaw, St. Augustine's and William Peace Universities form a consortium through which these schools provide their collective educational resources to students at each of the five institutions. Under this agreement, full-time Meredith graduate students may take courses at any of the other four schools.

A student who wishes to register for a course at one of the CRC schools should obtain a special request form from the Registrar’s Office and must secure the approval of their advisor. Except under unusual circumstances, approval will be given only for those courses not available at Meredith.

Written appeals to an advisor's decision should be submitted to Dean of the School. Prerequisite courses may also be taken through CRC with the prior approval of the student's advisor. All CRC graduate courses are considered transfer credit.

#### Transfer Credit

Requests for transfer of graduate credit from another regionally-accredited institution must be evaluated and approved in writing by the appropriate program director. Depending on the degree requirements and the course content, the school reserves the right to deny its transfer. Requests for transfer of credit should be accompanied by an official transcript(s), course descriptions and syllabi. Courses taken at Cooperating Raleigh Colleges are considered transfer credit. Up to six hours of transfer credit may be applied to a graduate degree program at Meredith subject to approval by the Program Director. All transfer courses must carry a grade of B or better. Transfer course(s) must fall within the six-year limit for program completion (starting when the first graduate-level course was taken, including transfer courses).

### Academic Status and Grades

#### Grade Changes and Corrections

A professor may make grade changes in consultation with the Department Head or Dean. Grades may not be changed later than the last class day in the semester following the term during which the course was taken. After a grade has been given, the grade cannot be changed on the basis of additional assignments completed after the semester is over (does not apply to an I grade).

#### Academic Warning and Probation

A student who earns one grade of C will receive a notice of academic warning from the Program Director. The student will be required to meet or confer with the Program Director to review the circumstances and to receive counsel and guidance that may apply to those circumstances.

A student who earns two C grades will be placed on probation, notified in writing by the Program Director and required to meet or confer with her or him.

A student who earns three C grades will be automatically dropped from the graduate program. The student will be notified in writing.

#### Appeals Process

Students who are experiencing academic problems either with a grade or other conditions of the course should first discuss the matter with the professor. It is the professor’s responsibility to explain fully all grades and requirements of the course. If the problem is not resolved, the student or professor should consult the Program Director. Students experiencing problems with program requirements or conditions of the program should first speak with the Program Director. The dean of the school shall be notified about any such matters. Should the problem still remain unresolved, the student may elect to file a formal appeal.

The student must appeal the grade within eight (8) weeks of receiving the grade or initially experiencing the problem. Grades may be appealed on the basis of a question concerning (1) clerical or numerical error or (2) personal bias or arbitrary grading. The student should prepare a written statement outlining the issue and submit the statement to the Program Director. The dean will convene an Academic Progress Committee composed of faculty who teach in the graduate program offering the course concerned. The student will be notified in writing within five (5) working days of the committee’s decision.

Further appeal may be made in writing to the Dean of the School within 14 days of receiving the Academic Progress Committee’s decision. If the matter is still not resolved, the student may make a final written appeal to the Vice President for Academic Planning and Programs within seven (7) days of receiving the Dean’s decision.

#### Withholding Grade

All services in the Registrar’s Office are contingent upon satisfactory college accounts and other obligations. Transcripts and grades may be withheld at the discretion of College officials for lack of payment of fees and fines, and for failure to complete other College obligations.
Grading

Each professor is responsible for evaluating a student’s performance in class. Using the official grading system, the professor decides the weight allotted to each aspect of students’ work in the course. It is the obligation of the professor to explain, at the beginning of each semester, the various components of grading in the course and the criteria by which the final grade is determined. Students should have the opportunity to examine assignments they submit to understand the grades assigned to them.

The following grading system applies to all graduate courses:

- **A**: Excellent
- **B**: Satisfactory
- **C**: Low Passing
- **F**: Failure
- **I**: Incomplete
- **N**: Missing grade
- **P**: Passing
- **W**: Withdrawal
- **Z**: Interim grade
- **Au**: Audit
- **NA**: No Audit
- **AT**: Transfer course with original grade of A+, A or A- reported by the credit granting institution
- **BT**: Transfer course with original grade of B+, B or B- reported by the credit granting institution
- **CT**: Transfer course with original grade of C+, C or C- reported by the credit granting institution
- **PT**: Transfer course with original grade of P or S reported by the credit granting institution

The I grade is given when a student and a professor have agreed that, for good reasons, the student cannot complete the course on time. The professor sets forth the requirement for completing the course during the next semester. These requirements should be clearly understood by both the professor and the student. An agreement between the two parties as to the work to be completed and the time it must be submitted must be filed in the Office of the Registrar. All work must be completed no later than the final class day of the following semester, or the grade automatically becomes an F.

A Z grade will be assigned for a course that extends beyond a normal grading period. When the course is complete, the professor submits the grade to the Registrar’s Office.

An N grade will be assigned at the discretion of the Registrar’s Office when a professor has not turned in a grade. While there must be a grade for each student in every course before the grade processing can begin, there are instances when processing must start before all grades have been reported. In these cases, the N grade will be assigned for any missing grade.

A student who receives an F grade will have her or his status automatically reviewed by the program. She will be notified within ten working days whether she will be allowed to continue the program and of the specific conditions of continuation, if applicable.

Grades for transfer course credit are not calculated into the Meredith or cumulative grade point average.

Degree Requirements

Academic Advising

Each graduate student will be assisted by the Program Director/Advisor in planning his or her program of study from beginning to completion.

Graduate Degree Requirements

These requirements apply to all students who wish to receive a master’s degree from the John E. Weems Graduate School:

- A student may not apply more than six hours of C grades toward her/his degree.
- A student must complete requirements for her/his degree within six calendar years, starting when the first graduate-level course was taken, including transfer courses. Under unusual circumstances, students may request an extension. The request must be made to the Department Head.
- A culminating activity, designed to integrate the knowledge, skills, competencies and values addressed in each program. Activities that meet this requirement are specified and administered by each program.
- A student who has completed all coursework toward the degree but still needs to complete other degree requirements must be registered for one hour per semester. This is accomplished by registering for course 800, which carries no graduate degree credit.
- Limits on the maximum number of graduate courses or hours that may be applied to the degree requirements are established by each program.
- A student who has completed all coursework toward the degree but still needs to complete other degree requirements must be registered for one hour per semester. This is accomplished by registering for course 800, which carries no graduate degree credit.
- A student may not apply more than six hours of graduate credit taken at Meredith as a Post-Baccalaureate Study student toward degree requirements.

Special Studies

Special study options are designed to add flexibility to the curriculum and to provide professors and students the opportunity to experiment within the limitations of a tight curriculum.

This category includes individual study, special topics, off-campus study (international and otherwise) and community internships. Members of the faculty or students who wish to use this category must obtain the approval of their advisor and Department Head or Dean.
Graduation

All graduating students must file an Application for Diploma form with the Registrar’s office and pay a graduation fee. To participate in commencement, graduating students must purchase, from Meredith’s Supply Store, a traditional black gown and a hood in the color representing their field of study.

Policy on Participation in Commencement Exercises

It is the policy at Meredith College for students to have fulfilled all degree requirements and be cleared for graduation by the Registrar’s Office in order to participate in commencement. Students who anticipate to fulfill graduation requirements in August and meet the criteria below may petition to participate in the May graduation ceremony. To petition for permission, the student must:

- Submit a written plan to the Vice President for Academic Programs no later than Mar 15*;
- Demonstrate that all requirements for the degree will be met by the August graduation date;
- Be in good financial, social and academic standing with the College.

*Emergency appeals must be submitted within 24 hours of the posting of final spring semester grades. The basis of the appeal must be related to the Spring semester preceding commencement. The VPAP will consider the petition and render a binding decision that cannot be appealed.

Access to Education Records

FERPA, the Family Educational Rights and Privacy Act of 1974, is a federal law requiring Meredith College to protect the confidentiality of student educational records. Meredith College has adopted the policies outlined below to comply with the law, to inform students of their privacy rights, and to maintain the protection of student educational records.

Although student educational records are protected, Meredith College is not required to protect information that is classified as “directory” information. Meredith College has the right to release the following directory information without a student’s prior consent:

- Name, address, telephone number, e-mail address
- Date and place of birth, and country of citizenship
- Dates of attendance, classification, academic major, degrees and awards received
- Advisor
- Institutions attended
- Weights and heights of athletic team members
- Participation in sports and activities
- Student photographs

Any student who would like her directory information protected under the same guidelines as educational records should submit a written request to the following offices: the registrar’s office for undergraduate students, the graduate office for graduate students and the Department of Education for licensure only students. This written request must be submitted to the appropriate office by the 20th classroom day of the Fall or Spring semester. It is not retroactive.

Meredith College is permitted by law to release and share your student educational records and personally identifiable information without your prior consent to the following parties:

- Meredith College employees with a legitimate educational purpose
- Officials of other schools in which the student seeks admission
- Federal or state officials as defined in paragraph 99.37 of the Family Educational Rights and Privacy Act of 1974
- State and local officials authorized by state statute
- A third party designated by federal or state authorities to evaluate a federal- or state-supported education program or to researchers performing certain types of studies
- Organizations conducting studies for, or on the behalf of, Meredith College for the purpose of assisting in accomplishing the College’s stated goals
- Accrediting organizations, to carry out their functions
- Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954 (Written consent may be allowed from either of these separated or divorced parents subject to any agreement between the parents or court order. In the case of a student whose legal guardian is an institution, a party independent of the institution, appointed under state and local law to give parental consent, may be allowed to do so.

- In compliance with judicial order or subpoena
- Appropriate persons in connection with an emergency if such knowledge is necessary to protect the health or safety of a student or other person.

NOTE: With the exception of Meredith College employees who have been determined by the College to have a legitimate educational purpose, all individuals and agencies who have requested or obtained access to a student’s records (other than directory information) will be noted in a record which is kept with each student’s educational records. A request must be in writing stating the purpose of the request. This record will also indicate specifically the legitimate interest that the person or agency had in obtaining the information. If the legitimate educational purpose of the request is in question, the matter will be referred to the president of the College for adjudication.

Meredith College will comply with FERPA to protect student educational records from unauthorized access.
Students have the right under FERPA to inspect and review their education records and to appeal to the appropriate office to have any incorrect information corrected. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office concerning alleged failures by Meredith to comply with the Act.

**Procedures for Accessing Education Records**
Meredith College, in compliance with FERPA, permits students to have access to their educational records. Students wanting access to their educational records should file a written request to the appropriate office (i.e., registrar's office for undergraduate students, and 23+ students, or the graduate office for graduate students). The student may ask for an explanation and/or to view a copy of any record. If there seem to be corrections needed to the educational record requested by the student, the student may submit an appeal in writing for a formal hearing. The president of the College will appoint an Appeals Committee which must meet within 45 days of the receipt of the written appeal. The committee will allow the student to present evidence to substantiate the appeal and shall render a written decision to the student within 45 days of the hearing.

**Definitions**
Education Records are those records, files, documents and other materials which (1) contain information directly related to a student; and (2) are maintained by Meredith College or by a person acting for the College.

Records are information records in any medium, including, but not limited to, the following; handwriting, print, electronic media, tapes, film, microfilm, and microfiche. Educational records do not include: (1) personal notes, (2) records available only to law enforcement personnel, (3) employment records, unless the student's status is a condition of employment or (4) medical and psychiatric records (These are accessible by the student's physician), (5) directory information previously defined.

School officials or employees are persons employed by the College, elected to the Board of Trustees or employed by or under contract to the College to perform a special task, such as an attorney or auditor or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Legitimate educational purpose is the performance of a job-related task related to a student's education, performance of the task related to the discipline of a student, or providing a service or benefit related to the student, or student's family, such as health care, counseling, job placement, or financial aid.

Students are persons who are or have been enrolled at Meredith College. Applicants who do not enroll or who are declared ineligible to enroll have no inherent right to inspect their files. Whenever “student” is used in reference to personal rights, an eligible parent or a dependent student has similar rights.

**Eligible parents** are those who have satisfied Section 152 of the Internal Revenue Code of 1954 and who present such proof to the custodian of an educational record. Normally the proof will be a certified copy of the parent's most recent Federal Income Tax Form.

**Exclusions**
FERPA does not give students access to the following records or information:
- Financial records of parents or any information therein;
- Confidential letters and statements of recommendation which were placed in the education record prior to January 1, 1974;
- Records to which access has been waived by the student. (This exclusion applies only if a student, upon request, is notified of the names of all persons making confidential recommendations and if such recommendations are used solely for the purpose for which they were intended.)

**Destruction of Education Records**
Meredith College will retain student educational records as long as information is valid and useful. Student educational records will be destroyed when the records are no longer of use to the institution. Any such records will be destroyed by means of confidential disposal.

Student Health Insurance $1,431 per year
(Dietetic Internship and Pre-Health Post-Baccalaureate Certificate students)

Payment Methods

You may pay by check, money order, MasterCard, American Express and Discover. Visa is not accepted. Cash is accepted during business hours. Credit card payments may be made online through Tuition Management Systems (TMS).

Make checks and money orders payable to Meredith College and mail to: Meredith College, Accounting Office, 3800 Hillsborough Street, Raleigh, NC 27607-5298. You may also pay in person via cash, check, or money order during business hours. E-check and credit card payments (Visa, Mastercard, American Express, and Discover) are made online.

Payment Plan Option

As an alternate to paying tuition and fees in full on the due date of each semester, a student may elect to divide the cost into equal monthly payments, beginning in July of each year. There is an enrollment fee for this service, which is administered by Tuition Management Systems, www.afford.com or (800) 356-8329.

Please note: Payment plans are not available for summer school.

Loan Eligibility

Graduate students may be eligible to borrow funds from the Federal Direct Stafford Loan Program to assist with their educational expenses. Applications for financial assistance (FAFSA) and for the loan programs are available at the Office of Financial Assistance in Johnson Hall or by visiting www.fafsa.ed.gov.

MBA Scholarships

Two scholarship funds provide financial assistance for degree-seeking students in the Master of Business Administration program. Information about these scholarships is provided to eligible applicants and students upon request.

The Shearon Harris Scholarship Fund was established in memory of Shearon Harris, a Meredith trustee, chairman of the Board of Associates, and an exemplary community leader. His family established the fund to express a commitment to church-related higher education and to perpetuate his interest in supporting Meredith College students.

The Wyford Scholarships are made possible by a bequest from Meredith graduate, Louise Ledford Wyatt, ’30. The Wyford Scholarship Fund was established by her husband, Guy E. Wyatt; her mother, Bess J. Hord; and her father, John Ferris Ledford.

Teacher Tuition Assistance

Licensed teachers enrolled in the Master of Education program are eligible to receive tuition assistance of $200 for each three-credit course. Students must be under contract in a North Carolina public or private school at the K–12 level. The student must have the principal of the school verify employment each contract term. Students return these forms to the Accounting Office.
Martin Marietta Scholarships for Graduate Education Programs

Martin Marietta scholarships for Education students are open to all degree-seeking graduate students, or add-on licensure students who demonstrate the following: financial need, academic success and commitment to teaching. In accordance with Martin Marietta guidelines, priority is given to students whose specialty is teaching English as a second language.

Teacher Education Assistance for College and Higher Education (TEACH) Grant Program

Beginning July 1, 2008, the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program will provide up to $4,000 a year in grant aid to undergraduate and graduate students and students enrolled in a post-baccalaureate teacher credential program, or current or prospective teachers. For more information about this federal program, please visit the US Department of Education website. Contact our office to receive a checklist of steps that must be completed in order to receive the TEACH grant. Once the steps on the checklist have been completed and the proper documentation has been submitted to the financial assistance office, you may complete the TEACH grant agreement to serve located at https://teach-ats.ed.gov/ats/studentHome.action.

Witt-Beauchamp Scholarship for Dietetic Internship

One scholarship is awarded per year to a student accepted into the Meredith College Dietetic Internship. Information about this scholarship is provided to eligible applicants. The Witt-Beauchamp Dietetic Internship Scholarship is supported by the Witt-Beauchamp Endowment gifted by Celia Witt Beauchamp ’78 and Chad Lewis Beauchamp. This gift is to support students, aspiring to practice dietetics/nutrition, in their efforts to become registered dietitians.

Graduate Research Initiative Proposal (GRIP) Grant

To support unusual costs related to graduate research (e.g., travel, data collection instruments), students can apply for grants up to $500. Applications are submitted to the appropriate Program Director. The graduate studies committee reviews grant applications and makes the awards. Applications available in the graduate studies office, 760-8058.

Parking

To park on campus, students are required to have a parking decal, which can be purchased for the academic year (August through July) from the Campus Security Office. Daily passes are also available. For more information about parking see page 48.
Master of Business Administration

School of Business
Harris Building
Denise Rotondo, Ph.D., Dean, School of Business
Jeff Langenderfer, Ph.D., Department Head
Page Midyette, M.B.A., Director, MBA Program

School of Business Mission Statement
Our mission is to provide an academically challenging learning experience that develops critical-thinking skills in all areas of business administration, and which emphasizes teamwork, leadership, communication skills and ethical decision making. Excellent teaching is complemented by strong, collaborative faculty/student relationships and by faculty scholarship that enhances our curriculum, and by service to the College and to the central North Carolina region.

Upon completion of the program, graduates will possess the ability to integrate advanced business skills and professional experiences to:

- analyze and evaluate business situations by applying critical thinking, decision making and problem-solving skills to develop an appropriate course of action;
- work successfully in team settings to interact and collaborate with professionals from diverse backgrounds and industries;
- demonstrate leadership capabilities and use self-reflection and feedback to develop a personal leadership style;
- communicate and share complex information, in an oral or written form, in a structured manner appropriate to a business environment; and
- recognize ethical issues within the business context and utilize skills to make ethical business decisions while considering implications of all stakeholders.

Program of Study
The MBA program consists of 30 semester hours of core curriculum coursework which includes two electives. For some students, additional foundations courses (3 to 12 credit hours) may be required. Foundations equivalents may be satisfied by prior coursework or approved subject examination.

Admitted students must complete necessary Foundations or equivalents as determined by the Director. Enrollment in select 600-level courses is permitted concurrent with or prior to the student’s enrollment in a 500-level course with approval of the Director. All foundations or equivalents must be completed with a grade of C or better.

Up to six hours of transfer credit may be applied to a graduate degree program at Meredith subject to approval from the Program Director. Transfer course(s) must fall within the six-year limit for program completion.

Required Coursework*
Core Curriculum:
- MBA 620 – DOMESTIC AND GLOBAL ECONOMIC ISSUES
- MBA 630 – ACCOUNTING AND INFORMATION MANAGEMENT
- MBA 640 – MANAGEMENT AND ETHICAL LEADERSHIP
- MBA 650 – MANAGERIAL FINANCE
- MBA 660 – COMPETING IN THE GLOBAL MARKETPLACE
- MBA 670 – MARKETING STRATEGY
- MBA 680 – OPERATIONS AND SUPPLY CHAIN MANAGEMENT
- MBA 699 – INTEGRATED STRATEGIC MANAGEMENT

MBA Elective (choose 2):
- MBA 643 – LEADING IN GLOBAL BUSINESS SETTINGS
- MBA 645 – STRATEGIES FOR EFFECTIVE NEGOTIATION
- MBA 644 – BUSINESS CONSULTING
- MBA 646 – LAW AND ETHICS FOR MANAGERS
- MBA 648 – PROJECT MANAGEMENT
- MBA 682 – BUSINESS INFORMATION SYSTEMS
- MBA 695 – SPECIAL TOPICS IN BUSINESS

*assumes successful completion of Foundations or equivalents, as determined by the Director. Elective offerings vary each summer.

Business Foundations Certificate
Applicants to the Business Foundations Certificate program will complete the admissions process for Post-Baccalaureate Study. Students who successfully complete all Foundations courses at Meredith will receive a certificate of completion signed by the Dean of the School of Business.

MBA Course Descriptions

MBA 510 – FOUNDATIONS IN QUANTITATIVE METHODS
An introduction to the theory, principles, and application of statistical and other quantitative analytic techniques which provides an effective means of managerial practices such as business performance appraisal, market trend evaluation, and managerial decision making. Fall and Spring, 3 hours.

MBA 520 – FOUNDATIONS IN ECONOMICS
An introduction to the theories, principles, and applications of microeconomics and macroeconomics. Topics include pricing decisions, elasticity, market structure analysis, business cycles, taxation, and monetary policy. Fall and Spring, 3 hours.
MBA 530 – FOUNDATIONS IN ACCOUNTING
An introduction to financial accounting from a user’s perspective including how financial statements are prepared, the interpretation of information provided in financial statements, and the analysis of financial data. Fall and Spring, 3 hours.

MBA 550 – FOUNDATIONS IN FINANCE
A survey of issues related to the acquisition and management of funds by the firm. Topics in the course include time value of money, analysis of financial statements, asset valuation, forecasting of cash flows, capital budgeting, and cost of capital. Prerequisite: MBA 530 or with approval of the Director. Fall and Spring, 3 hours.

MBA 620 – DOMESTIC AND GLOBAL ECONOMIC ISSUES
Application of economics principles to the tasks and problems faced by business managers. Focus is on the impacts of market structure, the legal/political environment, macroeconomic environment and international considerations on value-maximization decisions pertaining to resource usage, production levels, and pricing strategies as practiced in imperfectly competitive markets. Fall and Spring, 3 hours.

MBA 630 – ACCOUNTING AND INFORMATION MANAGEMENT
An approach to analysis of data and information relevant to management decision making. Topics covered include budgeting, differential costs in alternative decisions, allocation of cost, cost relationships, pricing, standard costing, and performance evaluation. This course also emphasizes the planning and use of information technology for business processes and decision making in business. Fall and Spring, 3 hours.

MBA 640 – MANAGEMENT AND ETHICAL LEADERSHIP
An exploration of the theory and application of management and leadership skills for enhancement of individual, team and organizational effectiveness. This course examines the ethical issues business managers routinely face and the implications for various stakeholders. Fall, Spring, 3 hours.

MBA 643 – LEADING IN GLOBAL BUSINESS SETTINGs
This course focuses on strategic and managerial issues related to international business management, including transferring company practices to foreign environments, implementing effective strategies for diverse workforces, and developing the leadership skills required for success in multinational contexts. Emphasis will be placed on managing operations in Europe, Latin America, and Asia. Summer, 3 hours.

MBA 644 – BUSINESS CONSULTING
Teams complete strategic consulting projects for local companies. The consulting teams are expected to identify and analyze problems confronting the company and recommend resolutions to the management team in the form of written reports and oral presentations. Prerequisite: completion of a minimum of 12 hours of 600-level MBA courses. Summer, 3 hours.

MBA 645 – STRATEGIES FOR EFFECTIVE NEGOTIATION
This course focuses on the strategies and tactics of effective negotiation for business leaders. Through exercises and role play, students will learn the art and science of negotiation and develop the planning techniques, analytical perspectives, and interpersonal skills necessary for creating effective, ethical, and advantageous agreements. Summer, 3 hours.

MBA 646 – LAW AND ETHICS FOR MANAGERS
This course enables students to comprehend the legal principles that arise in business so that they can identify legal issues that pose potential threats. An appreciation of the law will give managers the tools they need to protect their firms form unnecessary liability. Topics include business ethics, contracts, sales, labor and employment, product liability, intellectual property, business forms, secured transactions and bankruptcy. Summer, 3 hours.

MBA 648 – PROJECT MANAGEMENT
This course is designed to equip students with the essential skills and knowledge to effectively manage projects. Topics include project planning, organizing, directing, and controlling. The focus will be on the application of tools and techniques that can be applied to defining projects, establishing task structure, planning and budgeting, and managing of resources to achieve the project objects, and post-project evaluation. Summer, 3 hours.

MBA 650 – MANAGERIAL FINANCE
An examination of the role of financial management of the firm. Emphasis is on the basic techniques utilized in financial decision making, valuing, cash flows, capital structure, managing working capital, and optimal investment policy. Fall and Spring, 3 hours.

MBA 660 – COMPETING IN THE GLOBAL MARKETPLACE
This course focuses on developing strategies for managing the operations of companies whose activities encompass more than one nation. The course analyzes the internationalization process and compares and contrasts different internationalization strategies; examines managing political risk and ethical issues in international business; and studies functional management of the transnational corporation (e.g., financial management, marketing management and human resource management). The student will develop the skills and methodology necessary for market analysis and business strategizing on a global scale. Fall and Spring, 3 hours.

MBA 670 – MARKETING STRATEGY
An examination of the marketing management decision process, with particular emphasis on market opportunity analysis, strategy development, product planning, pricing, distribution, and promotional strategy, and the integration of marketing mix variables with segmentation and targeting decisions. Fall, and Spring, 3 hours.

MBA 680 – OPERATIONS AND SUPPLY CHAIN MANAGEMENT
This course provides a multi-industry study of operations, with an emphasis on integrated design of the supply chain across cultural and economic boundaries. Topics covered include design, planning, and controlling of operations, the design of quality management systems, technology management, and the role and influence of technology in operations and supply chain management. Fall and Spring, 3 hours.

MBA 682 – BUSINESS INFORMATION SYSTEMS
This course focuses on the development of a practical understanding of information systems devoted to the capturing, transmitting, storing, retrieving,
manipulating, and displaying information in contemporary business practice. The purpose of the course is to provide students with an understanding of the system perspective and to provide them with skills in the use of information systems. The course requires development of models of information systems in the area of distribution, production, human resource management, and accounting. Summer, 3 hours.

**MBA 690 – INDEPENDENT STUDY**
A student-developed independent study project designed to be carried out with a faculty advisor. These projects may involve field work in addition to academic research, reading, and conferences with the faculty member. 3 hours.

**MBA 695 – SPECIAL TOPICS IN BUSINESS**
This course is offered as needed. It is normally an examination of significant issues, theories, and practical problems in the areas of management, finance, marketing, accounting, or economics. The specific topic for a given semester and the course content are selected to meet student interests and needs. Summer, 3 hours.

**MBA 699 – INTEGRATED STRATEGIC MANAGEMENT**
A capstone study that examines executive-level policy and decision-making processes in setting goals, determining objectives, and developing and implementing action plans. The course emphasizes tactical and strategic planning through the use of relevant problems and case studies that include social, ethical, political, financial, and economic factors. Students will apply newly acquired concepts in the creation of a business plan. Prerequisites: completion of 18 hours of 600-level courses to be taken in student’s final fall or spring semester. Fall, Spring, 3 hours.

**COE 600 – GRADUATE COOPERATIVE EDUCATION**
A cooperative educational experience with companies and agencies approved by the Academic and Career Planning Office and the student’s advisor. Participating students are supervised by a faculty advisor assigned by the program. This course may be taken on multiple occasions. Credits will be in addition to the requirements of the program. A student must be enrolled for at least one graduate course in the semester in which s/he is enrolled in a cooperative experience. Prerequisite: three semester hours of graduate credit at Meredith. 3 hours.
Master of Education

Department of Education
Ledford Hall
Marie Chamblee, Ph.D., Dean, School of Education, Health and Human Services
Mary Kay Delaney, PhD., Head, Department of Education
Monica McKinney, Ph.D., Director, Graduate Programs in Education

Mission Statement

The mission of the Department of Education is to prepare educators who have the knowledge, skills and values to effectively teach all students. Meredith College students are transformed by a rigorous education that fosters leadership, promotes reflective practice, and cultivates passion for learning and the art of teaching. We develop teachers who appreciate their significant role in a diverse society.

The Master of Education degree program is for the K–12 teacher who has a baccalaureate degree and a teaching license. Students take a common core of courses and select a concentration—Academically and Intellectually Gifted (AIG), Elementary education, English as a Second Language (ESL), Reading, or Special Education (general curriculum). Add-on licensure options include AIG (K–12), ESL (K–12), Reading, (K–12), and Special Education (general curriculum K–12).

Courses are scheduled for fall, spring and summer so that working teachers can continue both professional service and career development simultaneously.

Program Goals of Master of Education

The candidate will be able to:

• Examine critically the purposes of education and articulate a personal philosophy of education;
• Demonstrate leadership in the classroom, school, community, and profession;
• Establish a respectful, supportive, and inclusive environment for a diverse population of students and their families;
• Demonstrate advanced depth and breadth of content and curriculum expertise;
• Facilitate student learning, including the ability to conduct and use research to examine and improve instructional effectiveness and student achievement;
• Engage in reflective practice and the development of meaningful professional goals.

License Renewal Credits

Students holding baccalaureate degrees from regionally accredited colleges or universities may take courses in the Master of Education program. Students may use these credits to apply to the renewal of their teaching license. It is the responsibility of students to secure approval from the State Department of Public Instruction prior to pursuing coursework. Students may also apply up to six credit hours of Post-Baccalaureate Study (PBS) coursework toward the Master of Education or Licensure-only programs.

Culminating Experiences

Upon completion of all class work, a student must complete a Professional Portfolio. The purpose of the portfolio is for each student to reflect on the impact of graduate work on his or her professional development and to demonstrate competency in meeting program goals.

To complete the requirements for North Carolina licensure in your area up to three external exams may be required. North Carolina State licensure test requirements are subject to change. Consult with your advisor.

Foreign Language Requirement for ESL

Before completing the program, students in the M.Ed. or Licensure program for English as a Second Language (ESL) must have one year of college or university foreign language instruction or the equivalent.

Master of Education Course Descriptions

EDU 605 – WEB 2.0 FOR TEACHING AND LEARNING
Designed to assist students in the development of strategies for the use of the current technologies in the K-12 classroom. Students will critically examine the role of technology in the classroom, and understand the effective use of technology. Prerequisites: Basic computer knowledge. 3 hours

EDU 610 – ADVANCED EDUCATIONAL PSYCHOLOGY
An in-depth exploration of fundamental questions about teaching, learning and human development designed to facilitate more meaningful classroom teaching. The course is highly interactive with learning taking place through individual and group research projects, seminar discussions, student directed workshops and presentations; thus, facilitating the development of teachers as researchers and educational leaders. 3 hours

EDU 611 – CURRICULUM, EDUCATION AND SOCIETY
This course provides the opportunity to use critical thinking to understand curriculum, its place in schools, and its relationship to society. Students will explore the development of curriculum over time and its relationship to the
larger aims of education. They will engage in analysis of the connections among curriculum, instruction, and social/cultural expectations. Students are expected to become reflective about their philosophical and cultural assumptions, to develop their own visions of possibilities for classroom practice, and to be able to apply these ideas in their classroom. As a result, they will be better equipped to lead effectively and to establish a positive and productive environment for a diverse population of students. 3 hours

EDU 612 – MENTORING AND LEADING IN PUBLIC SCHOOLS
In this course, teachers develop an understanding and philosophy of teacher leadership in public schools. The course recognizes the teacher as a leader within a diverse professional community that is often focused on reform and change. Participants will critically reflect on various leadership theories with the purpose of discerning leadership styles and practices that best support them as teacher-leaders and/or future administrators. Recognizing and examining the human dynamics associated with leadership, highlighting best practices in motivation, management, mentoring, performance appraisal, and career/professional development, and applying these concepts to real-life scenarios and case studies will position the teacher-leader as a change agent within the educational community. 3 hours

EDU 615 – MATHEMATICAL THINKING IN CHILDREN
Teachers examine what it means to know and learn K-5 mathematics based upon theory and research in cognitive psychology and mathematics education. A variety of materials that help illustrate students’ thinking in mathematical contexts are used to provoke consideration of how students develop mathematical knowledge. Regular “field experiences” with elementary school-aged children are required. 3 hours

EDU 625 – INCLUSIVE PRACTICES FOR EDUCATORS
Designed to provide the practicing general classroom teacher with knowledge, skills, and dispositions needed for successful inclusive teaching including an understanding of the nature and characteristics of the learning and behavior challenges that students with special needs face in the regular classroom, and the practical procedures, collaborative practices, and instructional strategies that lead to successful inclusion. 3 hours

EDU 630 – EDUCATIONAL RESEARCH I
Organized around classroom-based inquiry and focused on the development of teachers as researchers, this course emphasizes understanding of research design and methods; reading and interpreting empirical information in professional literature; collecting and interpreting data; and linking research findings to educational practice. Also emphasized are the uses of library and Internet resources; analysis and critique of educational research; collaboration with colleagues in the research process; and an introduction to elementary statistics. 3 hours

EDU 631 – EDUCATIONAL RESEARCH II
This second course in Educational Research is designed to provide the practicing teacher with a deeper understanding of the knowledge and methods used by investigators to conduct disciplined inquiry. It continues to be organized around classroom-based inquiry and focused on the development of teachers as researchers. The course includes consideration of concepts, research designs, and procedures from both quantitative and qualitative approaches. In this course, teacher-researchers conclude the process of conducting individual research. Prerequisite: EDU 630. Pass/Fail. 3 hours

EDU 635 – INTRODUCTION TO THE GIFTED INDIVIDUAL
What is “giftedness?” What are the major social, cultural and historical forces that have influenced the definition of this concept over time? What sources are responsible for producing -- in an individual -- those characteristics that result in that person being labeled a “gifted individual?” Given what we now know, how should we identify gifted individuals? Should the development of persons as “gifted individuals” be supported? What kinds of things can be done -- in schools and elsewhere -- to support the development of gifted individuals? Who should be responsible for the development of gifted individuals and how well are we doing in providing this support? These questions, and the answers to them, are all very important to persons who care about gifted individuals -- and who may want to help in their development. All of these questions will be addressed in some depth in the context of this course. 3 hours

EDU 636 – MODELS AND METHODS OF GIFTED EDUCATION
This course is designed to allow practicing classroom teachers to gain a depth of understanding of current curriculum and program models in gifted education, and to apply that knowledge to extend the North Carolina Standard Course of Study for gifted learners. In addition, participants will examine strategies embedded within various models, and evaluate the appropriateness of given models. 3 hours

EDU 637 – DIFFERENTIATION FOR THE ACADEMICALLY/INTELLECTUALLY GIFTED LEARNER
This course is designed to give practicing teachers the knowledge, skills, and attitudes needed for teaching academically/intellectually gifted learners in diverse settings. Because today’s classrooms are increasingly diverse and inclusive, teachers must be able to identify and accommodate a range of learner needs, including those of gifted learners. Participants in this course will develop skill in using a variety of models and strategies to effectively respond to the particular learning needs of the gifted. Building on the knowledge and skills attained in the Models and Methods course and using widely-held standards for the effective teaching of gifted learners (CEC-NAGC Initial Knowledge & Skill Standards for Gifted and Talented Education), participants will analyze and evaluate lessons and units designed for use with the gifted. They will also create and teach standards-based lessons and units that demonstrate their understanding and effective use of instructional and management strategies recommended as appropriate for gifted learners. Prerequisite EDU 636. 3 hours

EDU 638 – SPECIAL TOPICS IN GIFTED EDUCATION
This course focuses on special topics and issues related to education of the gifted. The primary purpose of the course is to develop in participants the knowledge, conceptual understandings, and skills to recognize and nurture effectively giftedness in all gifted students, including those students who are typically underserved. Specific topics included in the course include the psycho-social adjustment and guidance of gifted learners, the plight of underserved populations of gifted learners, collaboration and consultation in gifted education. 3 hours
EDU 639 – CREATIVITY
Creativity has proven to be one of the most elusive of psychological concepts. This course will examine several conceptually different ways of defining creativity, along with attempts to describe the characteristics of the creative individual. Creative production and how you get there – the creative process – will also be considered along with the three major approaches for enhancing creative production. Students will learn not only the basic concepts and procedures that make up these approaches, but will have an opportunity to put them into practice in three group simulation experiences as well. A discussion of the environmental conditions that contribute to creativity will round out the course. 3 hours

EDU 641 – METHODS OF TEACHING ESL
An introduction to the field of TESL, focusing on the methods and materials of teaching various language skills and knowledge areas. Attention will be given to the integrated teaching of all skills within a communicative setting. Field experiences required. 3 hours

EDU 643 – SECOND LANGUAGE ACQUISITION
A broad view of second language acquisition from both psycholinguistic and sociolinguistic perspectives. Includes a comparison of first and second language learning, current theories of second language acquisition, the effect of social interaction upon speech styles, and how speech defines groups. Applications are made to second language teaching. Field experiences required. 3 hours

EDU 645 – CULTURE AND THE LANGUAGE TEACHER
A study of the basic concepts of intercultural communication, including a comparison of American cultural orientations with those of other countries. A look at how these cultural differences relate to language teaching and learning. Field experiences required. 3 hours

EDU 647 – TEACHING ESL IN THE PUBLIC SCHOOLS
A course focusing on the particular needs of the K-12 teacher: historical and legal background of bilingual and ESL education, assessment and placement of ESL learners, literacy development, content-based instruction and the adaptation of curricular materials. Field experiences required. 3 hours

EDU 648 – GRAMMAR AND LINGUISTICS FOR ESL TEACHERS
A look at language as a system with particular focus on teaching English as a Second Language to students in public schools grades K-12. Considers teaching implications of English grammar, phonetics, phonology, morphology, semantics, and syntax. Field experiences required. 3 hours

EDU 670 – FOUNDATIONS OF LITERACY
This is a foundational course and a prerequisite to EDU 675 and EDU 676 in the Reading strand of the M.Ed. program. This course examines literacy theories and research which are essential to the understanding of the developmental process of reading. Specific emphasis is given to the examination of the core literacy curriculum identified by the National Reading Panel (2000): phonemic awareness, phonics, fluency, vocabulary and comprehension. In addition, effective evidence-based instructional practices K-12 are examined for developmental readers and culturally and linguistically diverse students. 3 hours

EDU 671 – ADOLESCENT LITERACY AND LEARNING ACROSS THE CONTENT AREAS
This course provides an in-depth study of the theories, research and instructional methods associated with reading and learning processes across the different content areas of the curriculum. Special emphasis is given to adolescent learners and the literacy tools essential for life-long learning, including critical thinking, problem-solving and digital literacy skills. 3 hours

EDU 675 – INTERVENTION IN THE READING PROCESS (K–3)
This course provides an in-depth study of the theories, research and instructional methods associated with early literacy development and intervention to support students who struggle to learn to read. In addition, candidates will study early literacy assessments, interpret data and plan appropriate interventions for their client. Progress monitoring of student literacy growth and collaboration with parents and other teaching professionals are integral to the practicum experience. 3 hours

EDU 676 – INTERVENTION IN THE READING PROCESS (4–12)
This course provides an in-depth study of the theories, research and instructional methods associated with literacy development and intervention to support students at the upper elementary, middle or secondary level who have significant reading problems. Candidates will study literacy assessments, interpret data and plan appropriate interventions for their client. Progress monitoring of student literacy growth and collaboration with parents and other teaching professionals are integral to the practicum experience. 3 hours

EDU 677 – THE TEACHING OF WRITING IN THE K–12 CLASSROOM
This goal of this course is to assist teachers in developing the writing skills of K-12 students. At the conclusion of the course students will show familiarity with current theories; be able to describe and assist students at various stages of the writing process, describe and assist children learning to write who have cultural and linguistic differences, show familiarity with writing evaluation techniques, writing across the curriculum, and integrate technology in the writing process. 3 hours

EDU 679 – GRADUATE PRACTICUM
This three-week, full-time (or equivalent) field experience occurs in a public school setting (K-12). Students will complete a practicum-based product aligned with state standards and indicators for licensure in their specialty area as determined necessary by their advisor. Pass/Fail. 1 hour.

EDU 710 – OVERVIEW OF EXCEPTIONALITIES FOR SPECIAL EDUCATORS
This course provides an overview of various exceptionalities and the services offered in special education. The course is intended to give the student a foundation of knowledge about the nature and needs of children with special needs, and introduces the student to causes and characteristics of specific disabilities, service delivery models, historical and current issues, legislation, research, trends, and controversies in special education. Field experiences required. 3 hours

EDU 711 – READING AND WRITING METHODS FOR SPECIAL EDUCATORS
The purpose of the course is to develop the instructional competencies of school personnel to effectively teach students with persistent reading and writing problems as well as to select and implement comprehensive reading
programs within their schools. Although the focus of this course is on students who have shown persistent problems learning to read and write (especially those students identified as having special education needs who are participating in regular classrooms), the information is also appropriate for individuals interested in developing early intervention programs. Field experiences required. 

**EDU 712 – MATH AND WRITING METHODS FOR SPECIAL EDUCATORS**
This course is designed to introduce candidates to the knowledge, skills and procedures needed to provide effective instruction for students with persistent mathematical difficulties. The principles, techniques, methods, and strategies presented in this class are based on research-validated instructional strategies. The class will provide candidates an understanding of what it takes to build an individualized mathematics instructional program that will have a direct impact on the academic performance of their students. Credit is given to the NCSIP II grant for content and procedure. Field experiences required. 

**EDU 713 – COLLABORATION WITH PROFESSIONALS AND FAMILIES FOR SPECIAL AND GENERAL EDUCATORS AND SPECIALISTS**
The expectations for professionals who work in schools and other education settings are changing dramatically. Although most educators enter the field because of their commitment to work with students, few can be successful unless they refine their skills for interacting with other professionals and families. Educators routinely participate in team meetings and collaborative problem solving activities in a variety of settings in which their ability to effectively communicate is critical. This course is designed to assist students in building their collaborative skills, developing skills for effectively participating in difficult interactions, and is intended to help students attain the knowledge and skills to be leaders in collaborative efforts in schools. Field experiences required. 

**EDU 714 – LEARNING STRATEGIES ACROSS THE CURRICULUM FOR SPECIAL EDUCATORS**
This course examines models for teaching learning strategies, metacognitive strategies guiding the learning of content, for students with mild/moderate disabilities in grades K-12. Students will examine educational research on the application of literacy and learning strategies in the content areas and will learn ways to assess students' understandings and to use the assessment to plan for instruction. Prerequisites: Edu 711 and Edu 712. Field experiences required. 

**EDU 715 – PROCEDURES, POLICIES, AND ASSESSMENT FOR SPECIAL EDUCATORS**
This course provides students with a broad knowledge and understanding of a wide range of legal issues concerning providing special education services to students with disabilities. Students will have a foundation in effective and efficient assessment and evaluative practices, including standardized and curriculum-based assessment. Field experiences required. 

**EDU 800 – GRADUATE STUDY**
Provides enrollment for students with pending degree requirements but not registered for other courses. May be repeated as needed. Pass/Fail. 

**EDU 801 – GRADUATE PORTFOLIO**
This course is designed to facilitate the completion of the M.Ed. graduate portfolio. Students should enroll in this course in the semester or summer session during which they plan to complete their program of study. Students must be enrolled in at least one other course concurrently. Pass/Fail. 0 hours.
## M.Ed. Program Overview

### M.Ed. with AIG
- Professional Studies (Required)
  - EDU 605 Web 2.0 for Teaching and Learning
  - EDU 610 Adv Educational Psych
  - EDU 612 Mentoring and Leading in Public Schools
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists
- Required by Advisement:
  - One graduate course in literacy
- Choose Three (Required):
  - EDU 605 Web 2.0 for Teaching and Learning
  - EDU 610 Adv Educational Psych
  - EDU 611 Curriculum Education & Society
  - EDU 612 Mentoring and Leading in Public Schools
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists

### M.Ed. with ESL
- Professional Studies (Required)
  - EDU 611 Curriculum, Education & Society
  - EDU 612 Mentoring and Leading in Public Schools
- Choose Two:
  - EDU 605 Web 2.0 for Teaching and Learning
  - EDU 610 Adv Educational Psych
  - EDU 625 Inclusive Practices for Educators
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists
- By Advisement:
  - EDU 679 Graduate Practicum

### M.Ed. with SPED
- Professional Studies (Required)
  - EDU 625 Inclusive Practices for Educators
  - EDU 677 The Teaching of Writing in the K-12 Classroom
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists
- Choose One:
  - EDU 605 Web 2.0 for Teaching and Learning
  - EDU 610 Adv Educational Psych
  - EDU 679 Graduate Practicum
- Choose Two:
  - EDU 6100 Web 2.0 for Teaching and Learning
  - EDU 610 Adv Educational Psych
  - EDU 625 Inclusive Practices for Educators
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists

### M.Ed. with RDG
- Professional Studies (Required)
  - EDU 611 Curriculum, Education & Society
  - EDU 612 Mentoring and Leading in Public Schools
- Choose Two:
  - EDU 605 Web 2.0 for Teaching and Learning
  - EDU 610 Adv Educational Psych
  - EDU 625 Inclusive Practices for Educators
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists
- By Advisement:
  - EDU 679 Graduate Practicum

## Add-On Licensure Options

### AIG—Add-On Licensure
- Required:
  - EDU 635 Introduction to the Gifted Individual
  - EDU 636 Models and Methods of Gifted Education
  - EDU 637 Differentiation for the Gifted Learner
  - EDU 638 Special Topics in Gifted Education
- By Advisement:
  - EDU 679 Graduate Practicum

### ESL—Add-On Licensure
- Required:
  - EDU 641 Methods of Teaching ESL
  - EDU 643 Second Lang Acquisition
  - EDU 645 Culture & the Lang Teacher
  - EDU 647 Teaching ESL in the Public Schools
  - EDU 648 Grammar and Linguistics for ESL Teachers
- One graduate reading course

### SPED—Add-On Licensure
- Required:
  - EDU 625 Inclusive Practices for Educators
  - EDU 710 Overview of Exceptionalities for Special Educators
  - EDU 711 Reading and Writing Methods for Special Educators
  - EDU 712 Math and Writing Methods for Special Educators
  - EDU 713 Collaboration with Professionals & Families for Special & General Educators & Specialists
  - EDU 714 Learning Strategies across the Curriculum for Special Educators
  - EDU 715 Procedures, Policies, and Assessment for Special Educators

### RDG—Add-On Licensure
- Required:
  - EDU 670 Foundations of Literacy
  - EDU 671 Adolescent Literacy and Learning Across the Content Areas
  - EDU 675 Intervention in the Reading Process (K-3)
  - EDU 676 Intervention in the Reading Process (4-12)
- One graduate elective (by advisement)

Master of Arts in Teaching

Department of Education
Ledford Hall
Marie Chamblee, Ph.D., Dean, School of Education, Health and Human Services
Mary Kay Delaney, Ph.D., Head, Department of Education
Monica McKinney, Ph.D., Director, Graduate Programs in Education

Mission Statement
The mission of the Department of Education is to prepare educators who have the knowledge, skills, and values to effectively teach all students. Meredith College students are transformed by a rigorous education that fosters leadership, promotes reflective practice, and cultivates passion for learning and the art of teaching. We develop teachers who appreciate their significant role in a diverse society.

Admission to the program is during the fall semester only as a fall cohort and both full-time and part-time tracks exist. Courses are scheduled in the evenings on campus so that working professionals may obtain licensure and a master’s degree simultaneously.

Purpose of the Meredith College MAT Program
The Meredith College MAT program serves the woman or man who has a bachelor’s degree in a discipline other than education, who is committed to becoming a teacher, and who is seeking initial NC for teaching licensure in elementary education for K-6, English as a Second Language (ESL), K-12, or special education (general curriculum) for K-12. The goal of the M.A.T program is to prepare highly qualified beginning teachers who know how to teach all students, who have the skills to collaborate with professionals and families, who know the content areas, and who understand their roles in local, national, and global contexts.

Program Goals of the Master of Arts in Teaching
The candidate will be able to:

• Engage in reflective practice and the development of meaningful professional goals.

The program consists of professional studies courses and courses in a concentration (Elementary education, English as a Second Language, or Special education). The area of concentration enables students to develop expertise in one of the instructional areas of the school curriculum. A concentration in a licensure area will result in a master’s level (M-level) license in that area.

Culminating Experiences
During his/her last semester of study, a student must complete a semester-long practicum, internship in the public schools. Students will also complete a professional reflections portfolio. Before applying for licensure, students must have earned a minimum score(s) on required state licensure test(s).

Foreign Language Requirement for ESL
Before completing the program, students in the MAT ESL program must have one year of college or university foreign language instruction or the equivalent.

Master of Arts in Teaching Course Descriptions
EDU 641 – METHODS OF TEACHING ESL
An introduction to the field of TESL, focusing on the methods and materials of teaching various language skills and knowledge areas. Attention will be given to the integrated teaching of all skills within a communicative setting. Field experiences required. Fall, 3 hours.

EDU 643 – SECOND LANGUAGE ACQUISITION
A broad view of second language acquisition from both psycholinguistic and sociolinguistic perspectives. Includes a comparison of first and second language learning, current theories of second language acquisition, the effect of social interaction upon speech styles, and how speech defines groups. Applications are made to second language teaching. Field experiences required. Summer, 3 hours.

EDU 645 – CULTURE AND THE LANGUAGE TEACHER
A study of the basic concepts of intercultural communication, including a comparison of American cultural orientations with those of other countries. A look at how these cultural differences relate to language teaching and learning. Field experiences required. Summer, 3 hours.

EDU 647 – TEACHING ESL IN THE PUBLIC SCHOOLS
A course focusing on the particular needs of the K-12 teacher: historical and legal background of bilingual and ESL education, assessment and placement of ESL learners, literacy development, content-based instruction and the adaptation of curricular materials. Field experiences required. Spring, 3 hours.
EDU 648 – GRAMMAR AND LINGUISTICS FOR ESL TEACHERS
A look at language as a system with particular focus on teaching English as a Second Language to students in public schools grades K-12. Considers teaching implications of English grammar, phonetics, phonology, morphology, semantics, and syntax. Field experiences required. Spring, 3 hours.

EDU 700 – LEARNING IN CULTURAL CONTEXTS
This course explores major theories and models for understanding how children and adolescents learn; seeks to understand the complex interaction among biological, sociocultural, and psychological factors that influence learning; applies this knowledge about learning to learning and teaching in schools; and investigates the interplay between school culture and students' cultures and the implications for student achievement. The course begins with a sharp focus on the student as an individual learner, then centers on the individual working with a teacher, and finally, centers on the learner in cultural context. Explanations of structural barriers to student achievement are examined including stereotype threat, curriculum-home communication mismatch, the privileging of certain approaches to learning, and solutions for teachers are investigated. The importance of close observation of children/adolescents and careful consideration of actual student achievement data in sociocultural context are stressed. Field experiences required. Fall, 3 hours.

EDU 701 – POWER TOOLS FOR EDUCATORS: USING TECHNOLOGY FOR COMMUNICATION, PRESENTATION, INSTRUCTIONAL DESIGN, PLANNING, AND ASSESSMENT
To meet the needs of students, to operate effectively in a school environment, and to accomplish professional responsibilities, teachers must be able to use an array of 21st century tools to communicate, maintain and manage data, conduct research, design and present lessons, and to participate in professional networks. The purpose of this course is to introduce to the basic technology tools of teachers, their applications, and the ethics associated with the profession. Through this course, you will learn and practice forms of communication specific to teaching, parent conferences and class newsletters/websites. You will learn the basic elements of lesson planning and assessment and the software that supports these tasks. You will consider the uses of presentation software and web design to support student learning. You will carefully consider the ethical dimensions associated with communicating, presenting data, management, designing instruction, and assessing, including the key provisions of the Family Education Rights Privacy Act (FERPA) and guidelines for email communications. Field experiences required. Summer, 3 hours.

EDU 702 – TEACHING DIVERSE LEARNERS IN THE CLASSROOM
One challenge that teachers face is how to work with a broad range of cultural, linguistic, and intellectual differences among their students. This course will examine differences and similarities among students and explore sociocultural and structural influences on student achievement. It will address the questions, “Who are the students in the classroom?” and “What must teachers consider when planning and implementing instruction for all of their students?” The course will focus on basic concepts related to addressing student needs through differentiation, inclusion, and teaching English as a Second Language. Field experiences required. Spring, 3 hours.

EDU 703 – BEHAVIOR AND CLASSROOM MANAGEMENT
This course is designed to give teachers the knowledge and skills to create and maintain effective learning environments. One important aspect of classroom management, behavior management, will be given particular focus.

Teachers will understand how to implement positive behavior support (PBS) to help their students learn and engage in appropriate behavior. Field experiences required. Summer, 3 hours.

EDU 704 – LEADERSHIP IN SCHOOLS AND SOCIETY
This course helps teachers analyze the complex historical, cultural, sociological, philosophical, and theoretical perspectives which impact schools. It examines the educational process in the context of modern society and how that process is influenced by the forces of the larger community. Participants will reflect on and critically analyze their professional internship experience. Recognizing the teacher as a leader within a professional community is an important component of the course. This course helps answer the questions, “how do schools work,” “how did we get here,” and “where are we going and how do we get there?” Field experiences required. Co-requisites: EDU 790 and EDU 795. Fall, 3 hours.

EDU 710 – OVERVIEW OF EXCEPTIONALITIES FOR SPECIAL EDUCATORS
This course provides an overview of various exceptionalities and the services offered in special education. The course is intended to give the student a foundation of knowledge about the nature and needs of children with special needs, and introduces the student to causes and characteristics of specific disabilities, service delivery models, historical and current issues, legislation, research, trends, and controversies in special education. Field experiences required. Fall, 3 hours.

EDU 711 – READING AND WRITING METHODS FOR SPECIAL EDUCATORS
The purpose of the course is to develop the instructional competencies of school personnel to teach effectively students with persistent reading problems as well as to select and implement comprehensive reading programs within their schools. Although the focus of this course is on students who have shown persistent problems learning to read (especially those students identified as having special education needs who are participating in regular classrooms), the information is also appropriate for individuals interested in developing early intervention programs. Field experiences required. Spring, 3 hours.

EDU 712 – MATH AND WRITING METHODS FOR SPECIAL EDUCATORS
This course is designed to introduce candidates to the knowledge, skills and procedures needed to provide effective instruction for students with persistent mathematical difficulties. The principles, techniques, methods, and strategies presented in this class are based on research-validated instructional strategies. The class will provide candidates an understanding of what it takes to build an individualized mathematics instructional program that will have a direct impact on the academic performance of their students. Field experiences required. Spring, 3 hours.

EDU 713 – COLLABORATION WITH PROFESSIONALS AND FAMILIES FOR SPECIAL AND GENERAL EDUCATORS AND SPECIALISTS
The expectations for professionals who work in schools and other education settings are changing dramatically. Although most educators enter the field because of their commitment to work with students, few can be successful unless they refine their skills for interacting with other professionals and families. Educators routinely participate in team meetings and collaborative problem solving activities in a variety of settings in which their ability to communicate effectively is critical. This course is designed to assist candidates in building their collaborative skills, developing skills for effectively participating in difficult interactions, and is intended to help candidates attain the
knowledge and skills to be leaders in collaborative efforts in schools. Field experiences required. Fall, M.Ed. only; Summer, M.Ed. by permission only, 3 hours.

EDU 714 – LEARNING STRATEGIES ACROSS THE CURRICULUM FOR SPECIAL EDUCATORS
This course examines models for teaching learning strategies, metacognitive strategies guiding the learning of content, for students with mild/moderate disabilities in grades K-12. Candidates will examine educational research on the application of literacy and learning strategies in the content areas and will learn ways to assess students’ understandings and to use the assessment to plan for instruction. Field experiences required. Pre-requisites EDU 711 and EDU 712. Summer, 3 hours.

EDU 715 – PROCEDURES, POLICIES, AND ASSESSMENT FOR SPECIAL EDUCATORS
This course provides candidates with a broad knowledge and understanding of a wide range of legal issues related to special education services for students with disabilities. Candidates will have a foundation in effective and efficient assessment and evaluative practices, including standardized and curriculum-based assessment. Field experiences required. Summer, 3 hours.

EDU 720 – INTEGRATING LITERACY INSTRUCTION AT THE PRIMARY LEVEL
This course will examine the theory, research and instructional practices essential to literacy development at the primary level in the elementary school. Candidates will learn to integrate children’s literature, writing and reading instruction into a total program of balanced early literacy instruction which is culturally relevant and developmentally appropriate for children. Candidates will learn to use multiple models and approaches for assessing literacy learning and plan lessons that meet the needs of all learners. Field experiences required. Fall, 3 hours.

EDU 721 – INTEGRATING LITERACY INSTRUCTION AT THE UPPER ELEMENTARY LEVEL
This course will examine the theory, research and instructional practices essential to literacy development at the upper elementary level. Candidates will learn to integrate children’s literature, writing and reading instruction into a total program of balanced literacy instruction which is culturally relevant and developmentally appropriate for students. Particular emphasis will be given to using literacy skills as tools for learning content material. Candidates will learn to use multiple models and approaches for assessing literacy learning and plan lessons that meet the needs of all learners. Oral presentation required. Field experiences required. Spring, 3 hours.

EDU 722 – DEVELOPING MATHEMATICAL UNDERSTANDING IN THE PRIMARY GRADES
This course will examine the theory, research and instructional practices essential to developing mathematical understanding at the primary level in the elementary school. Experiences in this course will focus on helping children develop a sound, foundational understanding of early number concepts, language and skills. Candidates will learn to assess children’s mathematical understanding and plan engaging, meaningful learning experiences that lead to success for all learners. Prospective teachers will use culturally-relevant contexts such as children’s literature, science, social studies, and the arts to engage children in mathematics. A practicum offers opportunities to apply concepts and skills learned in this course. Fall, 3 hours.

EDU 723 – DEVELOPING MATHEMATICAL UNDERSTANDING IN THE INTERMEDIATE & UPPER ELEMENTARY GRADES
This course will examine the theory, research and instructional practices essential to developing mathematical understanding of concepts and skills found in the intermediate and upper elementary grades mathematics curriculum. Experiences in this course will focus on helping children develop a sound, foundational understanding of the concepts, language and skills in the areas of numeration, algebraic thinking, geometry, measurement, data analysis and probability. Candidates will learn to assess children’s mathematical understanding and plan engaging, meaningful learning experiences that lead to success for all learners. Prospective teachers will use culturally-relevant contexts such as children’s literature, science, social studies, and the arts to engage students in mathematics. A practicum offers opportunities to apply concepts and skills learned in this course. Spring, 3 hours.

EDU 724 – TEACHING AND INTEGRATING SCIENCE AND HEALTH
This course explores the nature, processes, and products of science and health with an emphasis on content, methods, and curriculum appropriate for teaching in elementary school. This course is designed to assist prospective K-6 teachers in developing competencies for teaching elementary school science and health. Emphasis is placed on content, methods, and curriculum appropriate for teaching in grades K-6. Understanding and application of concepts, methodology, and educational theory will be fostered through classroom field experiences. Field experiences required. Summer, 3 hours.

EDU 725 – TEACHING AND INTEGRATING SOCIAL STUDIES AND THE ARTS
Prospective elementary teachers will become familiar with the pedagogical principles of the four arts disciplines as they develop and implement learning experiences that meet curriculum objectives in both social studies and the fine arts. Field experiences required. Summer, 3 hours.

EDU 790 – MAT INTERNSHIP
Designed to provide a full-time experience at the appropriate grade level within the area of specialization. Internships are offered in the areas of Elementary Education (K-6), English as a Second Language (K-12), or Special Education (K-12). The candidate engages in a variety of supervised instructional activities, with gradual induction into full-time teaching responsibilities. The candidate will be supervised by both a cooperating teacher in a public school classroom and a college supervisor from the Meredith faculty. All program requirements must be met prior to enrollment. Co-requisites: EDU 704 and EDU 795. Fee assessed. Fall, 3 hours.

EDU 795 – GRADUATE COLLOQUIUM IN EDUCATION
A capstone seminar taken concurrently with the graduate internship. This course is designed to strengthen the professional skills of reflection as related to instructional practice, assessment and evaluation of student learning, and analysis of personal and effective classroom practices. Emphasis is placed on the five areas of the North Carolina Professional Teaching Standards. Co-requisites: EDU 704 and EDU 790. Fall, 3 hours.

**TOTAL HOURS: 39**
Master of Science in Nutrition

Department of Nutrition, Health and Human Performance
Martin Hall
Marie Chamblee, Ph.D., Dean, School of Education, Health and Human Sciences
William H. Landis, Ph.D., R.D., Program Director, Graduate Studies in Nutrition

Mission Statement
Grounded in the natural and biological sciences, the Master of Science Degree in Nutrition program provides advanced study in human nutrition, including modes of inquiry in the field, the role of food and nutrients in human biology, and in the physical development and maintenance of health and well-being of individuals in the lifecycle.

Students will develop the skills to critically evaluate current and emerging issues in the field, and the tools for effective advocacy and professional involvement. The discipline of nutrition is explored recognizing the interrelationships that exist among people, diet, health, quality of life, and in the context of the modern food system.

Program Values
The Meredith Master of Science Program in Nutrition is dedicated to a set of core values that reflect standards of knowledge and practice in the field of nutrition, and a belief in the role of quality food to influence health and enrich lives. These values serve as the guiding curricular and co-curricular elements of the program:

- Academic excellence: promoting scholarship, curiosity, intellectual rigor and integrity.
- Advocacy: encouraging sound nutrition and optimum health through engagement and support of people and programs dedicated to the nutrition profession.
- Professional development: advancing opportunities and participation in the field of food and nutrition, and setting the foundation for life-long growth and involvement in the profession.
- Quality Food: fostering an appreciation for high quality, whole, nourishing food, and its contribution to the quality of life.
- Sustainability: supporting food production and distribution systems that are environmentally sound, and promote an equitable and just food supply.

Program Goals
The candidate will:

- develop a thorough knowledge base on core topics in nutrition.
- identify and discriminate among the different methods of inquiry in the field of nutrition.
- develop cognitive skills to analyze and propose solutions to complex issues in the field.
- locate and evaluate professional literature and current findings in the field.
- develop skills to effectively communicate topics and issues in the field of nutrition to lay and professional groups.

Prerequisite Coursework
Introductory coursework in Chemistry (2 courses with laboratory sections), Statistics, Physiology with laboratory, Food or Food Science with laboratory, and Introductory Nutrition. The following prerequisites must be completed before admission into the degree program: Introductory Nutrition, Statistics (within 5 years), and Chemistry I. A grade of C or better is required for successful completion of the prerequisite courses. All undergraduate level prerequisite courses must be successfully completed before taking more than 6 graduate level hours.

The following Meredith College courses can be taken to fulfill prerequisite requirements. Course descriptions are located in the undergraduate catalogue.

BIO 322 Human Anatomy and Physiology (with lab)
CHE 111 Chemistry I (with lab)
CHE 112 Chemistry II (with lab)
FN 124 Principles of Foods, or
FN 330 Experimental Foods
FN 227 Introductory Nutrition
MAT 245 Statistics

Comprehensive Examinations
Students must successfully complete all components of the comprehensive exam to qualify for graduation. The comprehensive exam will be administered in the semester students are registered for FN-627.

Program of Study
The program is a 34-hour Master of Science in Nutrition program focusing on applied human nutrition. The curriculum contains 19 hours of core coursework emphasizing the research process, advanced study of nutrients and their role in human health and biology, nutrition in the life cycle and the foods system. The remaining credits are derived from elective courses in nutrition, and practicum (FN 670) or thesis hours (FN 680). Each student, whether choosing
FN 670 or FN 680, will present his or her work to the professional community. A student who has completed all class work and wishes only to submit the Thesis/Project during a semester must enroll in FN 800.

Master of Science in Nutrition Course Descriptions

The minimum prerequisites for all graduate level nutrition courses are FN 227, MAT 245, CHE 111/141. Additional prerequisites may be stated in course descriptions below.

**FN 610 – Research Methods in Foods and Nutrition**
Using the scientific method and elements of critical thinking, students will design and develop a research project to be conducted as part of their thesis or project hours. Appropriate evaluation and analyses will be applied to their proposal. Students will leave the course with a completed research proposal. Fall. 3 hours

**FN 611 – Nutrition and the Lifecycle I**
This course examines nutrition across the lifespan from both a biological and psychosocial perspective. The impact of nutrition in pregnancy, lactation, and infancy through adolescence will be studied. Special reference to agencies offering nutrition services. Spring. 2 hours

**FN 612 – Nutrition and the Lifecycle II**
This course examines nutrition across the lifespan from both a biological and psychosocial perspective. The impact of nutrition in adulthood and older adults will be studied. Special reference to agencies offering nutrition services. Fall. 2 hours

**FN 620 – Advanced Nutrient Metabolism I**
A study of the role of carbohydrates, fiber, and lipids in human nutrition and biology. Mechanisms of absorption, digestion, functions, requirements, and intermediary metabolism in cells with emphasis on integration with other nutrients and systems. Clinical significance, current issues, and critical analysis of the research and professional literature. Prerequisites: CHE 112/142 and BIO 322/342. Spring. 2 hours

**FN 621 – Advanced Nutrient Metabolism II**
A study of the role of amino acids, protein, energy metabolism and food regulation in human nutrition and biology. Mechanisms of absorption, digestion, function, requirements, and intermediary metabolism in cells with emphasis on integration with other nutrients and systems. Clinical significance, current issues, and critical analysis of the research and professional literature. Pre- or Co-requisite: FN 620. Spring. 2 hours

**FN 625 – Seminar in Nutrition**
A presentation-based course, the first part of the semester will be spent conducting a literature review on selected topics in the field. Students will develop oral presentations based on their literature review and will be required to develop and distribute a written abstract and bibliography on their topic. Co-requisite: FN 610. Fall and spring. 1 hour

**FN 627 – Food and Society**
Designed as a culminating experience in the program, this course is a critical examination of the social, political, economic and environmental influences on the American and global food system. Students will study the dominant and alternative methods for producing and distributing food to people, and the relationship between human health and the food supply. Students will propose solutions to problems involving the food system in a semester project. Prerequisites: FN 610; FN 611; FN 620/621; FN 625 (1hr); FCS 645. Fall. 3 hours

**FCS 645 – Regression Analysis and Other Multivariate Models**
This course begins with linear regression and building models for estimation and prediction in the biological sciences. The same concepts will be examined using multiple regression and residual analysis will be added. Topics also will include analysis of variance and covariance, basic concepts of experimental design, and ethical issues in data analysis and interpretation. Statistical software will be used. Fall. 3 hours

**FN 614 – Medical Nutrition Therapy, Assessment and Counseling I**
FN 614/615 are to provide a comprehensive study of the nutritional care process for graduate students seeking to obtain foundation knowledge and skills toward Didactic Program in Dietetics verification. Application and integration of biological, physiological, and chemical parameters influencing specific medical conditions will facilitate evaluation of nutritional etiology and support for disease processes. Assessment, development of appropriate evidence-based nutritional interventions, and interviewing/counseling of the individual/group will be incorporated into the courses. Case studies and hands-on experiential learning experiences in anthropometric assessment and interviewing/counseling of the individual/group will be incorporated as the focus of the courses. Functioning as a member of a care-team will be stressed. Prerequisites: CHE 221/241; BIO 322/342; BIO 334/344; FN 611/612 or FN 260; FN 620/621 or FN 340. Fall. 4 hours.
FN 615 – MEDICAL NUTRITION THERAPY, ASSESSMENT AND COUNSELING II
FN 614/615 are to provide a culminating comprehensive study of the nutritional care process for graduate students seeking to obtain foundation knowledge and skills toward Didactic Program in Dietetics verification. Application and integration of biological, physiological, and chemical parameters influencing specific medical conditions will facilitate evaluation of nutritional etiology and support for disease processes. Assessment, development of appropriate evidence-based nutritional interventions, and interviewing/counseling of the individual/group will be incorporated into the courses. Case studies and hands-on experiential learning experiences in anthropometric assessment and interviewing/counseling of the individual/group will be incorporated as the focus of the courses. Functioning as a member of a care-team will be stressed. Prerequisites: FN 614. Spring. 3 hours

FN 630 – NUTRITION EDUCATION AND COUNSELING
An interactive course with students developing, reviewing and implementing various forms of nutrition education targeted to specific population groups. Students will develop, implement and evaluate nutrition education materials. 3 hours

FN 635 – GASTRONOMY
Study of the various factors that contribute to pleasurable dining will be studied. Sensory evaluation will be conducted. Students will reflect upon their own experiences with food and dining, and using critical and analytical thinking skills they will develop a greater awareness of food. Readings will be discussed in terms of their contribution to the understanding of a food and dining experience. 3 hours

FN 636 – SUSTAINABLE FOOD SYSTEMS
In examination of the relationships among diet, the various systems that produce our food, and the environment. Students will study the various agricultural and production methods and strategies for producing food, their impact on the natural environment, and sustainability. Students will connect personal dietary decisions to the broader social and global issues surrounding food, the environment, and health. 3 hours

FN 650 – VITAMINS, MINERALS, AND NUTRACEUTICALS
A study of the essential vitamins and minerals in humans, mechanisms of absorption, digestion, functions, requirements, metabolism, and current issues. A review of functional foods, phytochemicals, herbs, and other biologically active compounds in foods, and their relevance to the prevention and treatment of disease. Critical analysis of the research and professional literature. Prerequisites: CHE 112/142 or BIO 322/342. 3 hours

FN 655 – NUTRITION AND PHYSICAL PERFORMACE
A study of diet and nutrition needs and assessment of athletes and physically active people, and the factors affecting diet and nutritional status in this population. Nutrition facts and fallacies in sport nutrition, efficacy of supplements, engineered foods, and ergogenic aids for the enhancement of physical performance. Prerequisites: CHE 112/142 or BIO 322/342. 3 hours

FN 656 – OBESITY AND WEIGHT MANAGEMENT
A comprehensive review of literature in the field of overweight/obesity and its health consequences in child and adult cohorts. Program, policy and position papers of organizations dealing with obesity will be evaluated. Strategies for weight management including diet, physical activity and behavior will be studied. Current research in treatment, pharmacological and surgical intervention. 3 hours

FN 660 – FOOD, FILM & CULTURE
Guided by social science theories, this course explores the connections between food and culture, as expressed through the media of film and writing, exploring the ways in which the use of food illuminates historical, sociocultural, and environmental influences on food choices of cultural groups. The aim of the course is to find out what food, as depicted in film and writing, tells us about our world, our communities, and ourselves. Field experiences at local markets and foodservice establishments provide hands-on experience with cultural foods. 3 hours

FN 670 – PRACTICUM IN NUTRITION
A supervised field experience with an organization, agency, business or other entity in the field of foods and nutrition or an applied project. Students will meet with a faculty supervisor to design a suitable field experience and establish measurable objectives and learning outcomes to be achieved at the conclusion of the course. Prerequisites: FN 610; FN 611 or FN 612; FN 620/621; FN 625 (1hr); FCS 645; and permission of graduate advisor. Spring and summer. 3 hours.

FN 675 – TOPICS IN FOODS, NUTRITION, AND DIETETICS
Advanced study of a variety of current, new, and/or controversial topics in the field of foods, nutrition, and dietetics. Prerequisite: permission of graduate advisor. 1-3 hours

FN 680 – THESIS IN NUTRITION
Research in nutrition and dietetics directed by a graduate committee. Prerequisites: FN 610; FN 611 or FN 612; FN 620/621; FN 625 (1hr); FCS 645; and permission of graduate advisor. 6 hours (generally completed for 3 credits each in two consecutive semesters.).

FN 800 – GRADUATE STUDY
Provides enrollment for students extending the thesis beyond FN 680 Thesis/ Project and/or taking written comprehensive examinations but not registered for another course. May be repeated as needed. 1 hour.
Dietetic Internship

Department of Nutrition, Health and Human Performance
Martin Hall
Marie Chamblee, Ph.D., Dean, School of Education, Health and Human Sciences
Cathie Ostrowski, M.S., R.D., L.D.N. Program Director, Dietetic Internship

Internship Mission
In accordance with the Standards of Practice of the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND), as well as the mission and purpose of Meredith College and the John E. Weems Graduate School, the philosophy of the internship program at Meredith is to build on the academic preparation of didactic Programs in dietetics (DPD). It provides the education in clinical nutrition, public health, and food service management for entry-level dietitians as stated in the Standards of Education published by the ACEND. Interns will gain solid understanding and experience in normal and clinical nutrition, public health nutrition, and food service management. They will apply nutritional principles to all stages of the life cycle, disease prevention, control of disease process, and restoration of health through effective communication and in the context of human relationships. The program, which admits qualified men and women, strives to create a supportive, diverse, and intellectually rigorous environment for dietetic education. Analytical and conceptual skills will be further developed through graduate coursework. Interns will develop the knowledge, skills and values that will prepare them to assume leadership roles and strive for professional competence, productivity, and service to society.

Internship Goals
• The program will produce competent graduates that are ready for entry-level positions in the field of nutrition/dietetics, and/or advanced degree programs in nutrition, dietetics, or allied health fields.
• The program will produce graduates that provide leadership and/ or service professionally and to the community.

Accreditation Status
The Meredith College Dietetic Internship program is accredited by the Commission on Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics (www.eat-right.org)

Application Procedures
The following application materials must be submitted through the Dietetic Internship Centralized Application Services (DICAS):
• A completed Declaration of Intent to Complete Degree and a ACEND Verification Statement signed by the applicant and by the Program Director of a Didactic Program in Dietetics. A valid Verification Statement stating successful completion of a ACEND-approved Didactic Program in Dietetics must be submitted before the applicant can begin the internship
• An official baccalaureate transcript from a regionally accredited college or university, plus official transcripts from all other post-secondary institutions the applicant has attended
• A completed ADA-Supervised Practice application, which includes educational background, work experience, internships, activities and honors
• Three letters of recommendation from people with knowledge of the applicant's professional potential and character: preferably one from the DPD Program Director, one from a professor and one from a supervisor
• A letter of application stating professional and educational goals and the reasons for choice of this Dietetic Internship
• Test of English as a Foreign Language (TOEFL) scores (for international students only)
• A non-refundable application fee of $50, payable to Meredith College, must be sent to Meredith College, Dietetic Internship Director.

All applicants to Dietetic Internships (DI) must participate in computer matching. Applicants should obtain instructions and appropriate forms to prioritize preferences. Applicants can obtain this material from D&D Digital Systems (see address below) and submit completed forms by stated due date. There is no charge for this material. However, there is a $50 charge for computer matching that is due with the applicant’s prioritized ranking.

Address requests to:
D&D Digital Systems, 304 Main Street, Suite 301
Ames, IA 50010
515-292-0490
e-mail: dnd@netins.net
www.dnddigital.com/ada/

The postmark deadline for the application package and the D&D forms is February 15 (Date may vary slightly from year to year. Check current ADA publications, ADA website (www.eatright.org) or DPD Director for exact deadline date each year.)
Admission Criteria
Applicants for admission must submit all materials listed under Application Procedures. In addition, applicants must have a minimum undergraduate GPA of 2.8/4.0 overall, verified by transcripts from all institutions, and approval by the Dietetic Internship program selection committee.

Individualized Supervised Practice Program (ISPP)
Meredith College admits a maximum of seven (7) interns under the ISPP. Visit http://www.meredith.edu/graduate/nutrition/dietetic_internship/ispp.php for more details.

Master of Science in Nutrition Program
Admission to the MS degree in Nutrition, a Didactic Program in Dietetics (DPD) Post-Baccalareate Certificate, and the Dietetic Internship programs at Meredith College require separate applications. Acceptance into the MS program does not imply acceptance into the Dietetic Internship program, or vice versa. Students seeking admission into the Dietetic Internship program should follow the application procedures established by the American Dietetic Association and the Meredith College Dietetic Internship program. Students successfully completing the Meredith College Dietetic Internship program can transfer six graduate credit hours to the MS in Nutrition program; and those who complete Dietetic Internships elsewhere may be eligible to transfer up to six graduate credits into the Meredith MS in Nutrition program.

An applicant to Meredith’s Master of Science in Nutrition program who has successfully (received all As or Bs) completed his or her academic coursework for Meredith’s dietetic Internship, may request in writing that s/he be allowed to substitute this academic work, along with a recommendation from his or her DI director, for the GRE®.

Notification of Admission
The applicant will receive notification of the results of the computer matching from D&D Digital Systems by email. Applicants should call, email or fax the Dietetic Internship Director to confirm their acceptance of the match to the Dietetic Internship at Meredith College by the designated appointment date (check current D&D Digital Systems literature or website for exact date each year). A letter confirming acceptance to the appointment must be postmarked, emailed or faxed within 24 hours after the phone call.

Certification
The student who successfully completes the Dietetic Internship program will receive a Program Verification Statement signed by the Program Director. This allows the student to sit for the Registration Examination for Dietitians.

Program of Study
Students may take up to two three-hour graduate level courses: Advanced Clinical Nutrition Seminar (spring) and a course of their choice. In addition, students will complete four rotations in clinical nutrition, food service management and community nutrition, and a four-week enrichment rotation of their choice. Students will participate in local field trips and will attend the FNCE national conference or ADA public policy workshop.

Graduate Level Elective
For their second course, Dietetic Internship students will select from the graduate level elective courses offered during the fall semester. For a complete list of elective courses, see the Master of Science in Nutrition program section on page 32.
Didactic Program in Dietetics (DPD) Post-Baccalaureate Certificate

Department of Nutrition, Health and Human Performance

Martin Hall
Marie Chamblee, Ph.D., Dean, School of Education, Health and Human Sciences

Susan Fisher, Ph.D., R.D., Director, Didactic Program in Dietetics

Meredith’s Didactic Program in Dietetics (DPD) Post Baccalaureate Certificate is designed for individuals with a baccalaureate degree who are interested in completing the course work to either sit for the Dietetic Technician, Registered (DTR) exam or preparing to enter a Dietetic Internship in anticipation of becoming a Registered Dietitian (RD).

Meredith’s program offers individualized advising, small classes, and assistance building community service experience in dietetics. In addition, a Verification Statement is provided to all students who successfully complete the DPD prerequisite courses and Meredith required courses with a GPA of 3.0 or better. Preparation for the DICAS application is provided for students working toward acceptance into a Dietetic Internship.

Mission Statement

The Food and Nutrition program is grounded in the basic sciences, providing a strong foundation to pursue graduate and professional studies, and a curriculum that promotes student leadership and encourages service to the profession and community. The program strives to inspire students to use the knowledge and skills they gain to promote optimal nutrition and well-being through the application of nutrition science to individuals and groups across the life span in a diverse and changing environment. The program fosters in students a global and holistic understanding of the interrelationships among human nutrition, wellness, food and its systems.

Goals

• The Meredith College DPD Post-baccalaureate Certificate will prepare students for dietetic internships, health or science related professions, or graduate school.

• The Meredith College Didactic Program in Dietetics will provide learning experiences that foster development of critical thinking and problem solving.

Prerequisite Coursework

The DPD Post-baccalaureate Certificate is designed to be completed in one (1) academic year. The prerequisite courses must be completed before applying for the DPD Post-baccalaureate Certificate. The following Meredith College courses can be taken to fulfill prerequisite requirements. Course descriptions are located in the undergraduate catalogue.

Prerequisite DPD Courses Eligible for Transfer

FN 124/126  Principles of Foods and Lab
FN 227  Introductory Nutrition
FN 250  Perspectives in Nutrition
FN 330/336  Experimental Food Science and Lab
BIO 110/151  Biology I and Lab
BIO 251  Cell Biology
BIO 334/344  Microbiology and Lab
BIO 322/342  Human Anatomy and Physiology and Lab
CHE 111/141  Chemistry I and Lab
CHE 221/241  Organic Chemistry and Lab
FCS 764  Methods of Teaching Food & Consumer Sciences, or
PSY 100  Introductory Psychology
MAT 245  Statistics

Program of Study

The Certificate requires that a minimum of 24-hours of DPD coursework be completed at Meredith College within one (1) academic year.

Required DPD Courses to be Completed at Meredith

FN 260  Nutrition in Diverse Populations*
FN 310/311  Food Service Management Systems I and Lab
FN 320  Food Service Management Systems II
FN 340  Nutritional Biochemistry & Metabolism*
FN 440  Medical Nutrition Assessment, Therapy, & Counseling I*
FN 450  Medical Nutrition Assessment, Therapy & Counseling II*
FN 480  Colloquium in Nutrition

*These courses may be completed at the graduate level by students who are also accepted into the Meredith College Master of Science in Nutrition Program.
DPD Post-baccalaureate Certificate Course Descriptions

FN 260 – NUTRITION IN DIVERSE POPULATIONS
Principles of human nutrition applied to meet the health and nutrition needs at different stages of the life cycle. Role of culture, ethnicity and religion on food selection, dietary intake, and nutrition and health status. Government and community resources providing food and nutrition assistance will be discussed. Prerequisite: FN-227. Fall. 3 hours

*Students admitted to the Master of Science in Nutrition may substitute FN 611 Lifecycle Nutrition I (Fall. 2 hours) and FN 612 Lifecycle Nutrition II (Spring, 2 hours) and FN-627 Food and Society (Fall. 3 hours)

FN 310/311 – FOOD SERVICE MANAGEMENT SYSTEMS I and Lab
Introduction to the use of food quality management in food service systems, including the application of quantity food production principles, with an emphasis on quality quantity food production, menu planning, food service equipment use, and facility design. Prerequisite: FN-124. Corequisites: FN-311, FN-312. Fall. 3 hours, Lab 1 hour

FN 320 – FOOD SERVICE MANAGEMENT SYSTEMS II
Applied investigation into the use of management resources in food service systems, fundamental management processes, concepts and principles to improve decision making and problem solving. Consideration of purchasing procedures, storage, methods of cost control, personnel, safety, and nutrition quality in food decisions. Laboratory experiences are required. Prerequisites: FN-124, FN-310, and FN-311. Spring. 4 hours

FN 340 – NUTRITIONAL BIOCHEMISTRY & METABOLISM
A study of the essential macro- and micronutrients, related compounds, and phytochemicals in the diet of humans, their interrelationships, metabolism at the cellular level, and relationship to health. Research methods and study design in nutrition. Prerequisites: FN227, CHE-221, CHE-241, BIO-251. Spring. 4 hours

*Students admitted to the Master of Science in Nutrition may substitute FN 620 Advanced Nutrient Metabolism I (Spring. 2 hours) and FN 621 Advanced Nutrient Metabolism II (Spring, 2 hours)

FN 440 – MEDICAL NUTRITION ASSESSMENT, Therapy, & COUNSELING I
An integration of the biochemical and physiological processes in development and support of specific medical conditions with emphasis on assessment and the process of developing appropriate medical nutritional therapies and appropriate nutritional counseling of individuals and groups. This is the first of a two-course sequence. Prerequisites: CHE-221 CHE-241 FN-227, FN-340 or BIO-436, BIO- 322, BIO-342 or BIO-323, BIO-343. Fall. 4 hours

*Students admitted to the Master of Science in Nutrition may substitute FN 614 Medical Nutrition Therapy, Assessment & Counseling I (Fall. 4 hours)

FN 450 – MEDICAL NUTRITION ASSESSMENT, Therapy & COUNSELING II
The purpose of this course is to provide a culminating comprehensive study of the medical nutritional care process. Application of biological, physiological, and chemical parameters influencing specific medical conditions will be used in the study of nutritional etiology and support for disease processes. Assessment, development of appropriate scientifically-based medical nutri-
Pre-Health Post-Baccalaureate Certificate

Department of Biological Sciences
Science and Math Building

Walda Powell, Ph.D., Acting Dean, School of Natural and Mathematical Sciences
Francie Cuffney, Ph.D., Department Chair and Director of Pre-Health Post-Baccalaureate Certificate

Mission Statement
The Meredith College Pre-Health Post-Baccalaureate Certificate program provides students with a rigorous foundation of scientific coursework necessary for acceptance into graduate level study for occupations in healthcare. The program is dedicated to providing students with personalized programs that fulfill pre-requisites as well as prepare students for the application process for graduate study in their chosen field of healthcare.

Goals
Students completing the Post-Baccalaureate Pre-Health Certificate will:
• complete all required coursework for their desired field of healthcare
• be prepared for the application process of graduate study in healthcare
• develop a portfolio of experiences related to the healthcare field

Admission
Applicants for admission must submit all materials under Application Procedure. The admissions process for the Post-Baccalaureate Certificate program is highly selective. Students must demonstrate potential for academic success in a rigorous course of study in the sciences as well as a dedication to the field of healthcare. A minimum overall undergraduate GPA of 3.0/4.0 is expected. Students must also submit a 500 word personal statement related to their desire to pursue a career in healthcare.

The program runs on a cohort of students accepted to begin study in May and complete the program the following May.

Program of Study
The curriculum for the Pre-Health Careers Post-Baccalaureate Certificate consists of two distinct tracks. The first is a pre-health careers preparation track designed for students who have a baccalaureate degree but do not have the prerequisite coursework for admission to medical school or other healthcare educational programs. The second track is an enhancement track. This is designed for the student who has unsuccessfully applied to medical school and needs academic enhancement for his or her application. Both tracks begin in the summer semester.

Preparation Track
This program is designed for students who have a bachelor’s degree in a non-science area and need to obtain the prerequisite science coursework for application to a health program. The preparation track is flexible to allow for variations in requirements of health care-related programs.

Core of Required Courses
- General biology with lab
- Cell biology
- Medical terminology
- Clinical experience. Student is required to complete a minimum of 100 hours of clinical shadowing and/or volunteer experience.
- Elective course choices. Students choose a minimum of 24 hours to match necessary prerequisites for healthcare program of interest. Meredith faculty work with students to help them select courses they need to gain admittance into the program of their choice.

Enhancement Track
This program is designed for students who have unsuccessfully applied to medical school and are looking for an opportunity to enhance their academic credentials.

Core of Required Courses
- Medical terminology
- Clinical experience. Student is required to complete a minimum of 100 hours of clinical shadowing and/or volunteer experience
- Elective course choices. Students choose a minimum of 21 hours to match necessary prerequisites for healthcare program of interest. Meredith faculty work with students to help them select courses they need to gain admittance into the program of their choice.
## Graduate School Faculty and Staff Directory

Dates in parentheses indicate the year in which the individual joined Meredith

### Administration

**JO ALLEN, Ph.D. (2011)**  
President of the College

**MATTHEW POSLUSNY, Ph.D. (2013)**  
Senior Vice President and Provost

Vice President for Institutional Advancement

**JEAN JACKSON, Ph.D. (1983)**  
Vice President for College Programs

**CRAIG M. BARFIELD (2011)**  
Vice President for Business and Finance

### Graduate School

**SYLVIA HORTON (2001)**  
Admissions Coordinator

### School of Business

**DENISE ROTONDO, Ph.D. (2006)**  
Dean, School of Business and Professor of Business

**JEFF LANGENDERFER, Ph.D. (2006)**  
Department Head and Professor of Business

Director, MBA Program

**ALLISON ANTHONY, M.S. (2007)**  
MBA Recruiter

**MARY HARTSHORN (2011)**  
Departmental Assistant

### School of Education, Health and Human Sciences

**MARIE CHAMBLEE, Ph.D. (1977)**  
Dean

### Department of Education

**MARY KAY DELANEY, Ph.D. (2007)**  
Department Head

Director, Graduate Programs in Education

**ERIN BARROW, M.A. (2007)**  
Graduate Program Manager and Admissions Counselor

**SHARON JONES (2001)**  
Departmental Assistant

### Department of Nutrition, Health & Human Performance

**JUDY PEEL, Ph.D. (2011)**  
Department Head

**WILLIAM H. LANDIS, Ph.D., R.D. (1996)**  
Program Director, Graduate Studies in Nutrition

**TBA**  
Graduate Program Manager & Admissions Counselor

**CATHIE OSTROWSKI, M.S., R.D., L.D.N. (2004)**  
Program Director, Dietetic Internship

**TBA**  
Departmental Assistant

### FACULTY

(Dates in parentheses indicate the year in which the individual joined Meredith.)

**JANE E. BARNES, J.D., Ph.D. (2003)**  
Associate Professor of Business

B.S., Ohio University; M.B.A., Cleveland State University; M.S.J.D. Ph.D. Rutgers University

**MARY KAY DELANEY, Ph.D. (2007)**  
Associate Professor of Education

B.A., The George Washington University, Ed.M., Harvard University, Ph.D., University of North Carolina at Chapel Hill

**KRISTY DIXON, M.B.A. (2001)**  
Assistant Professor of Business

B.A., University of North Carolina at Charlotte, M.B.A., Meredith College

**TISHA DUNCAN, Ph.D. (2008)**  
Assistant Professor of Education

B.S., Meredith College, M.Ed., Ph.D., University of North Carolina at Chapel Hill

**SUSAN FISHER, Ph.D., R.D. (1998)**  
Associate Professor of Nutrition, Health & Human Performance

B.S., M.S., Florida State University; Ph.D., University of Tennessee

**BETH GANKOFSKIE, Ph.D., R.D., L.D.N. (2011)**  
Assistant Professor of Nutrition, Health & Human Performance

B.S., California State University, Long Beach; M.S., Saint Joseph College; Ph.D., Iowa State University

**COURTNEY GEORGE, Ph.D. (2011)**  
Assistant Professor of Education

B.A., University of Oregon; M.A., University of North Carolina at Chapel Hill; Ph.D., University of North Carolina at Chapel Hill
JANE GLEASON, Ph.D. (1994)
Professor of Education
B.S., M.Ed., East Carolina University; Ph.D., University of North Carolina at Chapel Hill

STEPHANIE HURT, Ph.D. (2004)
Associate Professor of Business
B.A., M.A., Ph.D., Université de Lille III

JEFF LANGENDERFER, PH.D. (2006)
Associate Professor of Business
A.B., University of North Carolina at Chapel Hill; J.D., North Carolina Central University, Ph.D., University of South Carolina

Associate Professor of Nutrition, Health & Human Performance
B.A., Guilford College; M.S., Ph.D., University of North Carolina at Greensboro

MARY JANE LENARD, Ph.D. (2005)
Associate Professor of Business
B.S., Carnegie Mellon University; M.B.A., University of Akron; Ph.D., Kent State University

YING LIAO, PH.D (2006)
Assistant Professor of Business
B.S., Tsinghua University, M.S., Ph.D., University of Toledo

MONICA B. MCKINNEY, Ph.D. (2000)
Professor of Education
A.B., University of North Carolina at Chapel Hill; M.Ed., Meredith College; Ph.D., University of North Carolina at Chapel Hill

KAREN MISHRA, Ph.D. (2011)
Assistant Professor of Business
B.A., Albion College; M.B.A., University of Michigan; Ph.D., University of North Carolina at Chapel Hill.

CINDY A. MORTON-ROSE, Ph.D. (2012)
B.A., University of North Carolina at Wilmington; M.A.T., Ph.D., University of South Carolina

Professor of Business
B.S., M.Acc., Ph.D., University of South Carolina

JENNIFER OLSON, Ph.D. (2006)
Associate Professor of Education
B.A., M.A., College of William and Mary; Ph.D., University of Georgia

Program Director, Dietetic Internship
Nutrition, Health & Human Performance
B.S., M.S., D'Youville College

Professor of Education
B.S., Ball State University; M.Ed., North Carolina Central University; Ed.D., North Carolina State University

DENISE M. ROTONDO, Ph.D. (2006)
Professor of Business
B.S., University of Florida; MBA, Ph.D., Florida State University

JULIE SCHRACK, Ph.D. (2002)
Associate Professor of Education
B.S., A.M., West Virginia University; Ph.D., University of North Carolina at Chapel Hill

MARGE TERHAAR-YONKERS, Ph.D. (2008)
Associate Professor of Education
B.S., State University College of New York at Buffalo, M.A., San Jose State University, Ph.D., University of Tennessee at Knoxville

CECILIA TOOLE, Ph.D. (2011)
Associate Professor of Education
B.S., University of North Carolina at Greensboro; M.Ed., University of North Carolina at Chapel Hill; Ph.D., University of North Carolina at Greensboro

DOUGLAS J. WAKEMAN, Ph.D. (1984)
Professor of Economics
A.B., Ph.D., University of North Carolina at Chapel Hill

Professor of Business
A.B. Grove City College; M.B.A., DePaul University; D.B.A., University of Sarasota

ANNE YORK, Ph.D. (1999)
Associate Professor of Business
B.S., Elon College; M.S., University of North Carolina at Charlotte; Ph.D., North Carolina State University

BING YU, Ph.D. (2008)
Assistant Professor of Business
B.S., Wuhan Huazhong University of Technology, M.B.A., University of Toledo, Ph.D., Kent State University
Student Handbook

Graduate Student Activities and Services
As a graduate student, you are a vital member of the Meredith College community. We hope you will take advantage of the wide range of activities and services designed to complement your academic program and help you get the most out of your Meredith experience. Some are activities that can broaden your cultural and social horizons; others are services available to help you balance your busy life, enhance your health, and optimize your educational experience. Use the Fitness Center, attend a concert or lecture, scan the bulletin boards in the Cate Center, log on to the Meredith College web site, or just spend time with your classmates or family on the beautiful Meredith campus—and let us know if there is anything else we can do to help ensure that your graduate school experience is everything you want it to be.

In alphabetical order:

Academic and Career Planning
(919) 760-8341. Open weekdays, 8 a.m. –5 p.m.; Evenings by appointment.
Staff in Academic and Career Planning can provide students with career counseling and coaching, resume consultation, interview preparation, cooperative education and resource information. The office and adjoining Career Resource Room are located on the second floor of the Park Center, adjacent to the Cate Center. A graduate student orientation is held at the beginning of the fall and spring semesters.

Amphitheater and Lake
The Elva Bryan McIver Amphitheater and lake provide a lovely setting and one of Meredith’s well-known landmarks. Many Meredith students find the lake area perfect for study, quiet conversation, relaxation or contemplation. Social events, such as picnics, are often held there, as are more official gatherings, such as spring graduation exercises. For security reasons, use of the lake at night is prohibited. Swimming in the lake is also prohibited at all times.

ATM Machines
A Wachovia automated teller machine is located in the lobby of the first floor of the Cate Center. The machine provides most services available at most ATMs, with the exception of deposits. There is no fee to Wachovia customers; a small fee will apply to customers of other banks who use the Plus or Relay network to access their accounts. The lobby of Cate Center is open from 6 a.m. until midnight.

Blackboard
(Web-based academic program supplements)
Blackboard is a software tool, accessed via a Web browser, that allows faculty members to supplement their classroom activities by providing a central location for course documents, class policies, assignments, grades and recommended web links.
Each new graduate student receives his or her own Blackboard account, with a login and initial password supplied by Technology Services, to access for any course they are taking. Check with the faculty member to find out if Blackboard will be used for a particular class. Contact Technology Services for additional information about Blackboard.

Bulletin Boards and Publicity
Bulletin boards located in the Cate Center are an important avenue of communication for graduate students. Campus offices and organizations regularly post information about programs, projects and meeting times on these boards. Each group that uses a bulletin board is responsible for posting its own announcements, and each publicity item should be stamped and approved by the Office of Student Activities and Leadership Development. To provide adequate space for each group, all announcements should be put up no earlier than one week prior to an event, and must be removed immediately following the event. Individuals may use the bulletin boards on the second floor of the Cate Center to post information, as long as they have the item stamped for approval. Unapproved announcements will be removed.
To post announcements in the Cate Center for non-Meredith College events, approval must be secured from the Office of Student Activities and Leadership Development prior to posting. Unapproved announcements will be removed. All announcements/fliers must identify the sponsoring organization and/or a contact person. Meredith College reserves the right to deny permission to post publicity from any group that is not in accord with the philosophy of the College.
Students, faculty and staff from the Meredith College community may submit e-news articles using the e-news submission form on Meredith’s web site. Articles are posted as expeditiously as possible on a first-come, first-served basis and are posted at the discretion of the webmaster.
The weekly campus newspaper, the Meredith Herald, is published 13 times each fall and spring semester. Letters to the editor and article submissions are encouraged from all students. The deadline for submissions is 12 p.m. every Friday. Submissions can be placed in the Herald’s box located outside the Publications Office on the second floor of the Cate Center, or submitted via email to herald@meredith.edu.
Meredith Cable Television channels 5, 10 and 11 are cablecast from Meredith Cable Television (MCTV), located in room 13 of the Carlyle Campbell Library. Channel 10 is the home for MCTV weekly programs, some of which are produced by undergraduate video production students. Channel 11 airs SCOLA (international news and entertainment programming). Channel 5 is Meredith’s 24-hour information center. It’s fast, easy and free. Paid advertisements are not accepted on any MCTV Channel. MCTV provides video editing and post-production facilities for educational projects and commercials for campus events. Appointments made well in advance are necessary. Any questions or concerns regarding MCTV, video course offerings or the Meredith Video Club should be directed to the Cable Administrator located in the Carlyle Campbell library. (MCTV is open weekdays, 9 a.m.–5 p.m.)

Other avenues for publicity may be offered through individual schools and programs. Students should contact their Program Director for more information.

Campus Chapel

(919) 760-8346. Open weekdays, 8 a.m. –5 p.m.

The campus chapel staff provides guidance for the development of religious programs on the campus as well as a pastoral presence for the campus community.

The ministerial staff serves as advisors to the Meredith Christian Association and in addition offers lectures, programs, small group experiences and counseling opportunities for the campus at large. The chaplain and staff are available to the College community for counseling pertaining to religious questions, religious vocations, and personal problems.

Also, students seeking help in finding a place of worship in the Raleigh community may contact the chapel staff for help. Regardless of one’s faith heritage, the chaplain is available to provide help to students as they seek a faith community with which to affiliate. Students may call the office or stop by to talk about local congregations and how to arrange transportation.

Students are invited to visit with the staff and make use of the Jones Chapel Meditation Room and Reading Room, as well as to participate in the community worship services each Wednesday at 10 a.m. in Jones Chapel. Students are encouraged to come by the office to tour the chapel and to inquire about programs being offered.

Campus Cultural and Athletic Programs

For information on campus events, call (919) 760-8533.
To reach the Meredith Performs Box Office, call (919) 760-2840.
www.meredith.edu/calendar

Campus-sponsored cultural and athletic programs are generally free of charge to all Meredith students, and can add another dimension to the graduate student experience.

• Convocations for the entire Meredith community are held throughout the year, often on Mondays. Convocations provide a forum to explore spiritual, intellectual, cultural and social ideas through speakers or performances from a variety of fields.

• Symposia are offered occasionally to explore in-depth ideas and issues of concern to the College community.

• Meredith athletic teams compete in the USA South Athletic Conference. Meredith fields undergraduate women’s teams in basketball, soccer, softball, cross country, tennis and volleyball.

• The Meredith Performs Series features student theater, music and dance productions, as well as other outstanding artists, lecturers and performers. Other arts opportunities on campus include: music recitals by Meredith students, faculty and guests; art exhibits in Johnson Hall, Gaddy-Hamrick Art Center (www.meredith.edu/artgallery) and other campus locations that feature the work of student art majors and other artists; and lectures by regionally and nationally acclaimed proponents of the arts.

Campus Dining

Belk Dining Hall (919) 760-8377 is located near the center of campus and offers a variety of dining options, including a salad bar, sandwich bar, American entrees, ethnically inspired foods and vegetarian selections. Dining Hall menus can be found online or by calling the campus menu line. Belk Dining Hall is closed during breaks and summer months may vary.

Belk Dining Hall is open for:

Breakfast 7:30-9:30 a.m. Monday to Friday
Continental Breakfast
9:30-10:45 a.m. Monday to Friday
8:30-10 a.m. Saturday and Sunday
Lunch 11 a.m.-2 p.m. Monday to Friday
11:30 a.m.-1 p.m. Saturday and Sunday
Late Lunch 2:4-3:30 p.m. Monday to Friday
Dinner 5-7 p.m. Monday to Friday
5-6:30 p.m. Saturday and Sunday

The BeeHive Café (919-760-8328) is located on the second floor of the Cate Center. Menu selections include burgers, pizza and deli sandwiches. In addition, you can enjoy hot soups, salads, snacks and beverages. The BeeHive Café information board posts daily specials. The Café is generally open when classes are in session, closed on Saturdays and Sundays and operates on a reduced schedule during breaks and summer months.

The BeeHive Café is open:
7:30 a.m.-8 p.m. Monday to Thursday
7:30 a.m.-4 p.m. Friday
Closed Saturday and Sunday
Campus catering services are available for on-campus events. From light refreshment breaks for student organization meetings to formal luncheons and dinners, the catering service’s goal is to ensure the success of every event. In addition, the service’s on-campus bakery can create decorated cakes for any occasion. For most orders, a minimum of 48 hours notice is required.

If you plan to use the dining services on a regular basis, contact Dining Services to ask about the Commuter Meal Plan.

Counseling Center
(919) 760-8427. Open weekdays, 8 a.m. –5 p.m.; and by appointment.

The Counseling Center offers free, confidential individual and group counseling with degreed and licensed counselors to students with social, emotional or academic concerns. Services for acute psychological crisis are provided by local hospitals. The Counseling Center also coordinates and arranges for accommodations needed for students with disabilities. The Center is located on the first floor of Carroll Hall next to the Health Center.

Disability Services
(919) 760-8427. Open weekdays, 8 a.m. –5 p.m., and by appointment.

Meredith College’s goal is to create an accessible community where people are judged on their abilities, not their disabilities. The Coordinator of disability Services strives to provide individuals with the tools by which they can better accomplish their educational goals. The Coordinator provides, arranges and coordinates accommodations for students in courses, programs, services, activities and facilities. The Coordinator maintains disability-related documents, certifies eligibility for services, determines reasonable accommodations and develops plans to provide these accommodations for students with disabilities.

Because not every student with a disability needs an accommodation, and because two individuals with same disability may not need the same accommodations, in post-secondary settings it is the student’s responsibility to request accommodations, if desired.

Email

New graduate students will be assigned a Meredith email address once enrolled in class(es). Technology Services will send these students information about their email address and initial password. Checking Meredith email accounts regularly is essential to keep up-to-date with announcements, invitations, messages from professors and administrators and other pertinent information related to graduate studies at Meredith College. Students have the option to access their Meredith email directly or arrange to forward Meredith email to another account.

Students are responsible for all information conveyed via their Meredith email accounts.

Contact Technology Services for additional information about email.
Fitness Center

The Margaret Weatherspoon Parker Fitness Center, available only to Meredith students, faculty and staff, is located in the Weatherspoon Building. The Fitness Center offers a full range of weight machines, free weights and cardiovascular equipment, as well as an indoor swimming pool and lighted tennis courts. Students, faculty and staff who wish to use the facility must complete an orientation session, which will introduce them to the equipment, rules and regulations. Refer to the pool and fitness hours on the college web site for the schedule of available hours.

Honor Societies

Honor societies are open to graduate students. For more information about membership requirements contact your program director.

Beta Gamma Sigma (BGS) is the international honor society for students enrolled in business programs at AACSB accredited institutions. There are nearly 500 chapters in the 19 countries worldwide. To be selected for membership, MBA students must be in the top 20% of the graduating master’s class.

Kappa Delta Pi (KDP) was established to foster excellence in education and promote fellowship among those dedicated to teaching. Today Kappa Delta Pi is the only international education honor society that represents all facets of the education profession for undergraduates, graduate/doctoral students, K–12 teachers, administrators, university faculty, and retirees. There are 582 chapters in North American colleges and universities, active professional/alumni chapters in 12 states, and a total active membership of more than 45,000. Dr. Jennifer Olson, in the Department of Education, serves as the chapter counselor. Undergraduate and graduate members are initiated once a year in the spring. To be eligible as a graduate student you must have a GPA of 3.75 and have completed six credit hours of your graduate program. There is a membership fee of $50 which supports both your national and local chapter dues.

Kappa Omicron Nu is a national honor society for students in the Human Environmental Sciences or Nutrition, Health and Human Performance Departments at Meredith College. To be eligible for membership graduate students must show evidence of superior personal qualities and leadership potential, be in the top 25% of the graduating master’s class, have a minimum GPA of 3.5, and have completed six credit hours of the graduate program.

International Student Advisor

Brooke Shurer (919) 760-8429

The International Student Advisor provides various services for non-immigrant students regarding visa regulations.

Learning Center

Meredith College's Learning Center is staffed by Meredith students who have been trained to support other students with one-on-one tutoring in writing, grammar, foreign languages, mathematics and some science courses. Tutors will answer your questions about word processing, library research and speech writing and delivery. You will find reference books, handouts and self-help exercises in writing, grammar and mathematics in the Center. You will also find guidance for state licensure exam review. To make an appointment, visit www.meredith.edu/learn/ and click on “Appointments”. The Learning Center is located in 122 Jones Hall.

Library Services

The Carlyle Campbell library is the academic heart of the College and a center for intellectual exchange. Library staff are eager to help students, faculty, and staff examine research topics and make the best possible use of available resources. In support of research the Library’s holdings include more than 200,000 volumes, 8,000 DVDs and videos, and 8,000 musical scores. Also available are online, full-text versions of articles from thousands of academic periodicals. Databases and indexes are accessible anywhere with a Meredith ID. The Library also maintains the College Archives, material related to the history and people of the College.

To enhance the exchange of ideas and the pursuit of research endeavours, the Library provides both individual and group study areas. Computer workstations with networked printing are available. Also available in the Library are video viewing stations and music listening stations.

The Reference Department assists the Meredith community with research. Librarians staff the main floor Information Desk during most Library hours and offer group instruction for classes in all disciplines. Reference Librarians will help locate material wherever it is-Meredith or worldwide. They can arrange borrowing privileges with the libraries of St. Augustine's University, North Carolina State University, William Peace University and Shaw University.

The Library's Media Services Department provides media and instructional equipment, training and support. Laptops, data projectors, sound systems and cameras may be requested for use on campus. Media Services staff support video production and presentations for the College. Media Services also manages Meredith Cable Television, which broadcasts international news, foreign language programming, videos, campus announcements, and instruction materials.

Library Policies

A valid Meredith CamCard must be presented to check out materials, including reserve items. The CamCard is your library card. Materials may be renewed in the library or by phone or online in the library catalog. Most library materials are loaned to students for a
three-week period and may be renewed twice provided they have not been requested by someone else.

The following materials may not be taken from the library building: reference books, periodicals, 16mm films, records and CDs. Most videos and DVDs also remain in the library, although we have a small collection of popular movies and TV shows on video and DVD that may be checked out. Exceptions are made for students doing class presentations and for student teachers. Inquiries should be made with the Circulation staff.

Reserve materials may be checked out from the circulation desk. Faculty specifies one of the following types of reserve for each item:

- **Strict**—Three hours in-library use only (check-out limit: four items)
- **Overnight**—checked out overnight and due 1.5 hours after the library opens the next day (check-out limit: two items)
- **Three-day**—to be returned within a three-day period (check-out limit: two items)

Reserve materials are checked out on a first-come, first-served basis and cannot be placed on hold.

**Note:** Videos on reserve always have a “strict” circulation period.

Students are responsible for the payment of fines for overdue items, including reserve and interlibrary loan materials, and for replacement costs of lost items. The fine is ten cents per day for most items, fifty cents per hour for reserve materials and interlibrary loan materials, $10 per day for laptop computers, and $1 per day for circulating videos and DVDs. Borrowing privileges are suspended for any student with total fines exceeding $3 and are reinstated when fines are paid. At the end of each semester, students with overdue materials or excessive fines are reported to the accounting office.

**Lost and Found**

Lost and found articles are collected in the Campus Police Department (919-760-8888). Proper ID is required to recover found property.

**Meredith Supply Store (Book Store)**

(919) 760-8545. Open 8 a.m.–5 p.m. Monday-Friday

The Meredith Supply Store, located in the Cate Center, stocks all the necessary textbooks and supplies for graduate academic courses. In addition, the store carries general reference books, CDs, clothing and gifts. The Supply Store also allows students to cash checks up to $50.

**Post Office**

Services available weekdays, 8 a.m. to 5 p.m., while classes are in session.

The campus mail room is located on the first floor of the Cate Center. Although the mail room is not an official U.S. Post Office, stamps are available for purchase and packages that do not require special handling are accepted. Outgoing mail pickup is 5 p.m., Monday through Friday.

**Technology Services**

**Help Desk** (919) 760-2323

Computer services available through the Office of Technology Services include:

- **The Help Desk**, providing one-stop service for answers to students’ questions about technology issues: everything from location and hours of computer labs, to applying for e-mail accounts, to software troubleshooting. To reach the Help Desk, dial 2323 from on-campus or 919-760-2323 from off-campus.
- **Campus network**, providing e-mail accounts for students, faculty and staff; Internet access; ALIS access (Carlyle Campbell Library Computer System); and access to Meredith’s Web pages. All new graduate students will be assigned a Meredith email address once enrolled in class(es). Technology Services will send these students information via US postal service about their email address and initial password.
- **Campus web site**, including information on academic courses, student organizations, Blackboard online courseware and campus e-news. Technology Services supplies new students with a login and initial password for Blackboard, a Web-based software tool that supports many aspects of the Graduate School’s curriculum.
- **Computers**, including a scanner, for graduate students’ use on the second floor of the Cate Center. (Other computer labs, open to
all Meredith students, are located at Harris, Ledford, and Carlyle Campbell Library.)

See Email and Blackboard for more information on Technology Services.

Campus policies on appropriate use of technology resources are available from the Office of Technology Services. Policies also are posted on the Internet.

**Volunteer Opportunities**

The Office of Student Leadership and Service provides service opportunities for all members of the Meredith College community. Students may volunteer to work with a community service agency, serve as tutors with Meredith’s Literacy Initiative, participate in an annual service event or create their own service projects for the campus or the community.

The Office of Student Leadership and Service hosts an annual Volunteer Fair each fall, with representatives from community service agencies, health care facilities, museums and schools. This campus event enables the Meredith community to learn about community service needs and opportunities.

Meredith’s Volunteer Services Coordinator serves as Director of the Meredith READS Literacy Program. In partnership with Motheread, Inc., a nationally-acclaimed literacy organization, Volunteer Services recruits, trains and supports Literacy Program story-sharing volunteers.

For more information on opportunities offered through The Office of Student Leadership and Service, contact the Coordinator of Volunteer Services, Tabitha Underwood at (919) 760-8357 (tabithau@meredith.edu).
In case of class cancellations resulting from inclement weather, Meredith College will run public announcements on local radio and television stations. Information about daytime and evening class cancellations is available on www.meredith.edu/enews, by calling Meredith’s Inclement Weather Line or checking with WRAL.

In the event that the College does not cancel classes, individual faculty members still have the option of canceling a class. All faculty members must include an inclement weather policy on their syllabi, as well as instructions to students regarding how to obtain information on any class cancellations.

Alcohol and Other Drugs

Meredith College believes it essential for the well-being of all students, faculty and staff to maintain an environment free of alcohol and illegal drugs. In view of this belief, the Board of Trustees has articulated the policies below with regard to graduate students. Graduate students in violation of these policies may also be subject to penalties under North Carolina law.

Alcohol:

Meredith College strongly discourages the use of alcoholic beverages. Graduate students shall not possess or consume alcoholic beverages on campus. A graduate student may not attend class while under the influence of alcohol. Any amount of alcohol on campus shall be considered “possession” and shall result in disciplinary action. Meredith students are expected to represent the College with dignity at all times. Inappropriate or illegal behavior on or off campus related to alcohol use may result in disciplinary action.

Other Drugs:

Meredith College will not tolerate any student activity associated with illegal drugs on or off campus. Students shall not manufacture, possess, sell, use or deliver any controlled substances, counterfeit controlled substances or drug paraphernalia, as each is defined by the North Carolina General Statutes. Possession of drug paraphernalia that tests positive for any illegal substance will constitute possession of that substance. Any student suspected of a violation will be subject to a hearing before the Honor Council of Meredith College. If found responsible for a violation of this policy, the student may be suspended or expelled in accordance with the drug policy as outlined by the Board of Trustees.

Drivers deemed to be impaired will not be allowed by campus police to operate vehicles on campus. The threshold for impairment is very low (any alcohol or controlled substances previously consumed remaining in the body.)
Harassment and Non-Discrimination
Meredith College is committed to providing a work and study environment that is safe, fair and free from discrimination and harassment for all members of its campus community.

Request to Return to Campus after Psychiatric Evaluation or Hospitalization
Any student who harms or threatens to harm him/herself or another will be referred immediately to an off campus mental health facility for assessment. Prior to returning to campus, the student is required to be assessed off campus by a mental health professional and deemed safe to return to campus. It is the student’s responsibility to facilitate communication between the off campus mental health professional(s) and the college counseling center. The student will need to sign a release of information authorization form requesting the off campus provider share information with the Meredith College Counseling Center.

The student is required to meet with a Meredith College counselor in the counseling center during normal hours of operation. The counselor will utilize the outside mental health assessment coupled with an in-person session to provide a recommendation to the vice president for college programs. The vice president will make a decision regarding the student’s return to Meredith’s academically rigorous campus. The College reserves the right to request an opinion from another counselor or physician to determine the student’s fitness to return to campus.

Students may appeal any denial of return to campus by submitting a written statement regarding the grounds for appeal to the vice president for college programs within five (5) business days of the college’s decision. The vice president for college programs will submit the student’s written appeal along with any position she may have to the president who will make a decision within five (5) business days of the appeal. The president’s decision shall be final.

At any time, family of the student involved and appropriate College officials may be notified at the discretion of the vice president for college programs and other personnel on duty. If a student withdraws or takes a temporary leave of absence after referral and removal from campus, the student still must comply with the above requirements.

Smoking
Out of consideration for members of the College community who choose not to smoke or who are allergic to smoke, smoking is prohibited in all Meredith buildings. We ask your cooperation in not smoking within 30 feet of any campus building.

Solicitation
Solicitation by on- or off-campus persons, organizations or businesses is strictly prohibited unless authorized by the Vice President for Student Development or by the Director of Student Activities and Leadership Development. Any use of College facilities by off-campus persons for purposes of solicitation, even those sponsored by campus organizations, must also be approved. Under no circumstances are off-campus persons allowed to solicit door-to-door in offices or residence halls.

Sexual Violence
The Meredith College community will not tolerate sexual assault or rape which are acts of sexual violence.

Sexual assault is defined as any incident of forcing another person to perform a sexual act against his/her will. Force can be implicit through the use of threatening words, gestures, or tone of voice, or explicit through actions of physical restraints. According to North Carolina state law, rape is defined as forced sexual intercourse against the will of another person. Rape is also considered to be sexual intercourse with a person who is physically, mentally, or otherwise incapacitated (including incapacitation from the use of alcohol and drugs), when the person performing the act knows of the victim’s incapacity.

Meredith College recognizes the importance of assisting a member of the Meredith College community who is a victim of sexual violence in regaining a sense on personal control.

The College is obligated to take prompt and effective steps to end the sexual violence, prevent its recurrence, and address its effects, whether or not the sexual violence is the subject of a criminal investigation.

In this respect, several College departments coordinate efforts to offer services to a victim and others upon whom the sexual violence might have an impact. Meredith College strongly urges anyone who is the victim of sexual violence to:

- Seek medical assistance as soon as possible following the incident (within 72 hours), being sure to advise medical personnel that treatment is necessary because of assault or rape. If a victim decides to press charges, medical information is essential. An individual may contact Campus Police (919-760-8888), Interact 24 hour Rape Crisis Line (919-828-3005), or Wake Medical Safe Center (919-828-3067) for assistance.
• For crisis support, individuals may call the counselor on call through Campus Police (919-760-8888).

• For additional counseling, resources and information, contact the Counseling Center or the chaplain (919-760-8346). Individuals may use the chaplain and/or counselors to learn more about sexual violence and its effects; however, reporting to these resources is not reporting to the College as they are obligated to keep information confidential unless the individual is asking them to assist in reporting. A person may report incidents of sexual violence to Campus Police or local law enforcement authorities at any time in the complaint or resolution process. Campus Police is available to offer advice about legal options. In cases involving potential crime, the College must determine, consistent with State and local law, whether appropriate law enforcement or other authorities should be notified.

Sexual violence allegedly committed by a Meredith College community member violates the Harassment and Non-Discrimination Policy. Complainants may refer to this policy for information about filing a complaint and seeking resolution.

Students who are accused of sexual violence can be reported to and adjudicated by the College Honor System. During a College on-campus disciplinary case, the accuser and the accused are entitled to the same opportunities to have others present during the disciplinary hearing. In Honor Council cases involving sexual violence, the preponderance of evidence standard will be used. Upon request of the assaulted student, sexual violence committed by a student from another campus can be referred to that student’s campus for judicial action.

**Publicity Information**

Meredith reserves the right to use photographs of students in publications, advertisements, electronic communications and other areas. Meredith often recognizes student accomplishments by publicizing them in local and hometown newspapers.

**Security and Emergency Procedures**

*Campus Police: Campus phone: dial 8888  
Private phone: dial (919) 760-8888*

Meredith College employs the Campus Police Department to provide security services to students, faculty, staff and guests. Police and security officers patrol the campus 24 hours a day, 365 days a year. Officers use radio phones while patrolling the campus, investigating complaints, regulating traffic, controlling parking and supervising the fire prevention program.

**Medical Emergency**

*Campus Police: 8888 (or 919) 760-8888  
Emergency Medical Service: 9-911 campus phone, 911 otherwise*

Campus police and security officers are trained in first-responder care. Medical emergencies should be reported to Campus Police (8888) immediately.

If at any time you believe it is necessary to call the Emergency Medical Service (911 or 9-911, on a campus phone), call the Campus Police (8888). They will contact the EMS and direct them to the site of the emergency. The person receiving the services of EMS will be responsible for all fees charged.

**Theft of Personal Property**

Students who experience a theft or loss of personal property should alert Campus Police (8888 on-campus, or 919-760-8888) as soon as possible. Meredith is not responsible for the personal property of students.

**Fire Emergency**

*Call Campus Police (8888 on-campus or 919-760-8888) after you activate alarm.*

If you discover the fire:

- Activate the nearest alarm.
- Get out of the building immediately if fire is threatening.
- Alert Campus Police.

Other tips to keep safe in a fire:

- Before leaving a room, check the doorknob to see if it is hot. If hot, do not open; go to the window and wait for the firefight-
ers to rescue. Do not try to jump or climb down. (With the door closed, you are not in immediate danger).

- If smoke is beginning to fill the hallway as you evacuate, grab something to help filter the smoke. If you get caught in heavy smoke, crawl to the nearest exit.
- If fire blocks your nearest exit, go immediately to the next closest exit.

To ensure the safety of its students, Meredith College will periodically stage fire drills. During a fire drill, students should:

- Close windows.
- Turn off all lights except overhead.
- Close door when leaving room.
- Walk rapidly (do not run) out of the building. The first person to reach the door should hold it open for others.
- Wait for the signal to return.

NOTE: It is against the law to activate a fire alarm when there is no fire.

Tornado Emergency

A “tornado watch” means tornados are possible. A “tornado warning” means that a tornado has been sighted in the warning area. Campus Police have weather alert radios that emit an audible signal if the National Weather Bureau has issued a warning for our immediate area. Campus Police will sound the alarm for an alert.

In the event of a tornado alert:

- Go immediately to an interior, first-floor hallway or basement.
  Avoid areas with wide, free-span roofs such as the gymnasium.
- Close all first-floor doors for safety.
- Move as far away from windows and outside doors as possible.
- Take shelter underneath a desk or any heavy furniture available.
- Sit down on the hallway floor with your head between your knees, and cover your head with your hands.

Security: A Shared Responsibility

Although Meredith College takes seriously the need to provide a campus that is as safe as possible, each student must assume the responsibility for his/her own personal safety. No environment can be assumed to be totally safe, so each person must be constantly alert to his/her own safety and that of his/her peers.

The best defense is a good offense. To increase personal safety and security, students are advised to take the following precautions:

- Be aware of your surroundings. Avoid dark areas, and look for and report suspicious activity.
- Avoid walking alone to and from the outer parking lots after dark.
- Travel with a companion whenever possible.
- Lock doors to cars.

Important Phone Numbers

Four-digit phone numbers are reachable from campus phones. When off-campus, use “760” as a prefix to the following:

### 2013-2014 Academic Calendar

#### FALL SEMESTER 2013
- **Arrival of new students**: SAT AUG 17
- **Registration and Add/Drop**: TUE AUG 20
- **Classes begin**: WED AUG 21
- **Last day to add and drop (no grade) courses**: TUE AUG 27
- **Drop with a grade of “W” begins (refer to the fee schedule)**: WED AUG 28
- **Labor Day Holiday—No classes held**: MON SEP 02
- **Last day to make a grading change**: WED SEP 18
- **Mid-Term**: WED OCT 09
- **Autumn Recess**: MON OCT 10 – SUN OCT 13
