Help us Celebrate the Class of 2020 on May 9

Dear Members of the Class of 2020, Families, and Guests,

This is a reminder to please join us as we celebrate the Class of 2020! We are so proud of our graduates and have planned a variety of virtual opportunities on Saturday, May 9 to recognize their achievements.

- **Online Conferral Ceremony, 8 p.m.** In this virtual ceremony, President Jo Allen will confer degrees as well as observe other highlights from Commencement, including the turning of tassels and rings for undergraduates and hooding for graduate students. This is not intended to replace an in-person Commencement ceremony in the future but allows us to officially confer our students’ degrees and mark this momentous occasion in their lives. To participate, visit meredith.edu/celebrate or Meredith’s Facebook page at 8 p.m.

- **Vision Day.** All members of the Meredith Community are invited to take part in Vision Day, a digital expression of our pride in the Class of 2020. Reflect on the accomplishments of candidates for graduation as well as celebrate the bright futures ahead of them!

  To participate, **please post your own tributes and memories for the Class of 2020 on your social media accounts on May 9**. This is a way for you to share your pride in our graduates at both the undergraduate and graduate levels. Be sure to tag @MeredithCollege and use the hashtag #VisionDay2020 so we can see your posts! You can also view special content on Meredith’s Facebook page, facebook.com/meredithcollege or Instagram account all day on May 9.

- **Celebrate the Class of 2020 website.** Visit this website often throughout the day to see new content that will be added including videos featuring members of the Class of 2020, a special message from the Meredith College Chaplain, and alumnae well wishes.

We will keep you updated as we continue to assess when it will be safe to hold in-person Commencement and related activities. I look forward to celebrating Class of 2020 milestones with you virtually on May 9, and in person as soon as we can.

Staying Strong,

Jo Allen, ’80
President
