

## **Priority Registration for Students with Disabilities**

Priority registration allows eligible students early access during the registration period so they can select schedules that match their disability-related needs. Students must be certified with Disability Services to qualify for priority registration.

Typically priority registration is approved for students who:

- Require accommodations that must be arranged in advance such as braille course materials, captioned videos, interpreters, etc.
- Require Accessible course locations and/or have difficulty getting from class to class in a timely fashion due to mobility impairments.
- Must frequently arrange for on and off-campus service providers (personal care assistants, medical appointments, etc.) due to a disability.
- Are unable to attend classes at certain times of day due to physical or cognitive disability-related impairments (fatigue, medication side effects, etc).
