

Meredith faculty and staff,

On Tuesday, July 14, Governor Cooper announced the extension of [executive order 147](#) through Friday, August 7, 2020. Cooper's announcement means that the state of North Carolina will remain in [Phase 2](#) of the state's reopening plan for at least three more weeks.

All campus activities and events scheduled to be held on or before August 7 will comply with the requirements outlined in Phase 2, including indoor and outdoor gathering limits.

Meredith offices should continue to operate at no more than 50% occupancy and according to rotations already in place.

Visit www.meredith.edu/staying-strong for the latest information about our plans for the 2020-21 academic year.
