STUDENT OPPORTUNITIES

There are over 100 organizations and clubs on Meredith’s campus offering a variety of opportunities for participation and leadership, and addressing most students’ interests, e.g., academics, politics, honors, service, religion and professions. In order to be a member of a Meredith College student organization and to hold office, a student must currently be enrolled in at least one credit hour at Meredith College. Constitutions of all organizations are maintained by SGA Senate in the Office of Student Leadership and Service. Full privileges of an official Meredith student organization include an organizational account, access to reserving space on campus, access to apply to SAF, a presence on college publicity materials, eligibility for awards, an email account, a roster list, participation in the activities fairs, and access to all services related to publicity on campus. Student organizations must register in the fall semester each year. Students who are interested in starting a new organization at Meredith should speak to the SGA Senate chair or visit the Office of Student Leadership and Service to obtain a copy of the Guidelines and Procedures for Establishing New Organizations at Meredith. New organizations will only be considered in the fall semester.
Student Government Association

As early as 1905, Meredith took an important step forward when it introduced student government, apparently the first college in the state to do so, and one of the first in the South (Mary Lynch Johnson, *A History of Meredith College*). Since that time Meredith students have held an integral role in the shaping of the policies, philosophy, and tradition of the college.

Executive, legislative, and judicial branches comprise the basic structure of the current Student Government Association, with numerous boards and committees completing the structure.

The purpose of the association shall be to promote, in cooperation with the administration, the general welfare of the student body; to promote by example and precept scholarship, citizenship, and integrity; to act as a liaison among students, alumnae, faculty, staff, administrators, and trustees; to serve as the official advocate of the students; to receive and investigate student grievances; and to encourage students to become active participants in self-governance. See the Constitution of the Student Government Association and By-Laws for detailed information.

All Meredith undergraduate students are members of the Student Government Association and are encouraged to become involved in all its functions. Student involvement is crucial to the effective governance of the campus and vital to the educational process of each student. Each student has a voice in this government through participation in the election of officers, interaction with their class representatives on each branch of the government, self-involvement in the various branches, and an open-communication policy with student government officers. Opportunities for student leadership and involvement are open to all students through campus elections and membership on numerous boards and committees.

The elections schedule is printed in the Student Planner, and detailed information about positions and elections is included in the Constitution of the Student Government Association and By-Laws.

The SGA office is located on the second floor of the Cate Center, the phone number is 919-760-2248 and the email address is sga@email.meredith.edu.
