## STARTSTRONG SUMMER PRE-ORIENTATION FOR ALL NEW STUDENTS

### ATTENTION INCOMING FIRST-YEAR STUDENTS

All new first-year students are required to attend summer pre-orientation (exceptions allowed for international students living abroad). Attendance helps ensure a successful transition to Meredith and graduation in four years or in a time-frame applicable to your degree program. During this one day event you'll complete a research based assessment to identify your top strengths – your first action with StrongPoints®, Meredith's unique advising and personal coaching model. You'll also speak with an enrollment counselor about your academic and co-curricular interests as you discuss a fall course schedule.

Additionally, all new first-year students will receive their Meredith ID card and have the option to purchase the summer reading book. Summer pre-orientation is also an excellent time to connect with your new peers and begin establishing new friendships... friendships that are likely to last a life-time.

In addition to providing a deeper introduction to the academic environment at Meredith, sessions for parents will include expert advice for aiding your daughter's successful transition to the Meredith community.

Watch your mail and email in March for registration information. You will be able to register online or by calling the Office of Admissions. Space is limited at each event. Register early.

### ATTENTION INCOMING TRANSFER STUDENTS

Upon admission to Meredith College and payment of the enrollment deposit, Academic Advising will contact you to assist in scheduling your pre-registration advising conference. Transfer students will meet individually with faculty in their major for advising while undecided transfer students meet with Academic Advising staff. Transfer students may register for courses at anytime after the advising conference.

### Required Orientation For ALL New Students

New student orientation begins August 15. As you make plans to enroll at Meredith, remember that students living on campus will move into the residence halls on the day that orientation begins. New students and their families will have orientation

sessions on August 15; orientation for students concludes on August 20. You will receive orientation information in June. Orientation is a great time to make friends and become acquainted with campus life. You will spend much of orientation with your student adviser

and have an opportunity to connect with your academic adviser – both will be your guides as you attend activities designed to prepare you for success at Meredith. Special activities are planned to meet the needs of residential, commuter, freshmen, and transfer students.

# LIFE ON CAMPUS

**Meredith will be your new home away from home. Listed here are some of the services available to you – for more information, visit [meredith.edu/current\\_students](http://meredith.edu/current_students).**

## **CAMCARDS**

The CamCard is a student identification card, a debit card, a meal card and a residence hall entrance card. To use the CamCard as a debit card, the student applies money to her student account. She may then use the CamCard for purchases in the Beehive, vending machines, and for making photocopies.

## **FOOD SERVICES**

Commuting students may apply cash to their accounts and use the CamCard to purchase meals in the dining hall and Beehive or they may purchase a commuter meal plan.

## **HEALTH SERVICES**

Carroll Health Center provides confidential health care services by appointment including: clinical health care for minor illnesses (major illnesses are referred off campus or to family physicians), minor emergency care, health consultations, health promotion and disease prevention. Residential fees for residential students cover costs of services in Meredith's Health Center. Commuter students pay the Health Center fee, \$100 per semester, to receive services.

## **COUNSELING CENTER**

The Counseling Center provides a safe place for students to talk with licensed, professional counselors about a variety of unique challenges that college students may face. All services are free, confidential, and include: individual short-term counseling, crisis services, psychological consultation, resources and referral, and disability services.

## **POSTAL SERVICES**

Located in Cate Center, the center provides an array of services including mail boxes, package mailing and delivery pick-up, and stamps.

## **CAMPUS SAFETY**

Campus police and security officers provide safe surroundings for students and their property. Police officers have full law enforcement authority on College property. Officers regularly patrol campus to ensure physical security and provide security and access to campus facilities. Access to campus is controlled after 11 p.m. Residence halls are equipped with automatic door locks which must be activated by student CamCards upon entry. Although Meredith provides these services, each student assumes responsibility for her safety.

## **ACADEMIC AFFAIRS AND STUDENT SERVICES**

Meredith offers a wide range of services to assist each student in developing her various capabilities. These academic and personal development experiences are coordinated under the leadership of academic programs and college programs.

## **STUDENT TECHNOLOGY**

Student Technology provides a wide range of services including: wireless connectivity, campus printing, antivirus and productivity software, computer labs, access to other campus technologies. Access to a laptop computer is recommended. Students should use printing and copying services on campus rather than bringing a printer to campus; color & black and white printers are in common areas across campus. Wireless printers are not allowed in the residence halls because they interfere with wifi signal.

## **OFF-CAMPUS SERVICES**

A shopping center located behind campus provides quick access to a grocery store, drug store, restaurants, and other shopping. The Capital Area Transit bus service makes regular stops at the entrance to campus.

## Health Insurance Waiver

Meredith College values the health and welfare of its students. To serve the health needs of our student community, **Meredith requires health insurance as a condition of enrollment** for all full-time undergraduate (12 credit hours or more), licensure only, pre-health, international, Sansepolcro students, and dietetic interns to assure that students have access to health care services beyond what is available on campus.

### Students who have health insurance:

- If you have health insurance and wish to opt out of the plan that Meredith College offers, complete the waiver at [meredith.edu/health-services/student-health-insurance](http://meredith.edu/health-services/student-health-insurance). You will receive an email confirmation in 1-3 business days.
- The waiver will be available starting mid-summer and must be completed by the deadline. Your student account will automatically be charged for the insurance plan Meredith is offering. See [meredith.edu/health-services/student-health-insurance](http://meredith.edu/health-services/student-health-insurance) for more details.

### Students who do not have health insurance:

- Purchase a health insurance policy and complete the waiver at [meredith.edu/health](http://meredith.edu/health). You can find your own policy through the health care exchange ([healthcare.gov](http://healthcare.gov)) or enroll in Meredith's sponsored plan at [meredith.edu/health-services/student-health-insurance](http://meredith.edu/health-services/student-health-insurance). The waiver will be available starting mid-summer. The waiver form needs to be completed by the deadline, which shall be updated online, or your account will be charged for the insurance plan Meredith is offering; **OR**
- Should the waiver or purchase of the Meredith sponsored policy not be completed, the fee shall be charged to your student account.

**Students should check with their insurance provider to confirm that coverage is appropriate for Raleigh, North Carolina and is comparable to our current plan.**

### Some Factors to Consider in Evaluating Your Current Health Insurance Plan:

1. Does your health insurance plan provide medical benefits in Raleigh, North Carolina?
2. Does your current plan provide benefits from August 1, 2020 – July 31, 2021?

### Summary of Meredith's Current 2019-20 Plan

**Insurance Carrier:** BlueCross BlueShield of North Carolina

**Benefit Period:** This plan provides benefits to students from August 1, 2019 through July 31, 2020.

**Cost of Plan:** \$263/month - the charges for the current benefit period August 1, 2019 – July 31, 2020 are \$1,315 for fall and \$1,841 for spring/summer.

To view the current benefit summary for Meredith's plan for the 2019-20 academic year, please go to [meredith.edu/health-services/student-health-insurance](http://meredith.edu/health-services/student-health-insurance).

## Important Information about Meningococcal Disease

*Neisseria meningitidis* is the bacterium responsible for meningococcal disease. This particular bacterium can live unnoticed in individuals (“carrier state”) with no symptoms. Occasionally, the bacteria will invade the bloodstream or other body tissues and cause meningococemia, meningitis, pneumonia or pharyngitis (sore throat). Individuals who have had close, intimate contact with a “carrier” or with an individual who has one of these illnesses may become infected with the bacteria also. Even if treated promptly, meningococcal disease may progress rapidly and cause serious medical problems including death.

Meningococcal disease incidence has decreased since 2000, and incidence for serogroups C and Y, which represent the majority of cases of vaccine-preventable meningococcal disease, are at historic lows. However, the peak in disease among persons aged 18 years has persisted, even after routine vaccination was recommended in 2005. Freshmen, particularly those who live in residence halls, constitute a group at modestly increased risk of meningococcal disease relative to other persons their age. (Other undergraduate students wishing to reduce their risk of meningococcal disease can also choose to be vaccinated.)

There are two vaccines against *N. meningitidis* available in the United States, Menveo by Novartis; and Menactra by Sanofi Pasteur. Both vaccines can help to prevent 4 types of meningococcal disease (types A, C, Y, and W-135).

There are two serogroup B meningococcal vaccines that have been licensed by the Food and Drug Administration (FDA): Bexsero® and Trumenba®. These vaccines are recommended routinely for people 10 years or older who are at increased risk for serogroup B meningococcal infections.

These vaccines may also be given to anyone 16 through 23 years old to provide short term protection against most strains of serogroup B meningococcal disease; 16 through 18 years are the preferred ages for vaccination. For best protection, more than 1 dose of a serogroup B meningococcal vaccine is needed. The same vaccine must be used for all doses. Ask your health care provider about the number and timing of doses.

For more information on Meningococcal Disease, please go to the CDC website at <http://www.cdc.gov/meningitis/bacterial.html>.

A Meredith student who chooses to receive the vaccine should get it from their family physician or local health department. The vaccine is available at Wake County Department of Health and Human Services.

## MENINGOCOCCAL VACCINE RECOMMENDATION, as of May 10, 2016

Most students received one meningococcal vaccine at age 11 or 12. Originally this was thought to provide protection to students throughout their high school and college years. Recent research has found that persons immunized at age 11 or 12 might have decreased protective immunity by ages 16 – 21 years, when their risk for disease is greatest.

**Meningococcal Meningitis Vaccine Booster:** A booster dose is now recommended for those 16 years of age who received the initial dose at age 11-12. If the initial dose was given at 13-15 years, the booster dose should be given at 16-18 years of age. If the initial dose was given age at 16 years or older, no booster is needed, except where there is continuing risk. **Beginning in July 2020, an additional booster for 12th graders will be required by the state of North Carolina.**

Please check with your physician to see if a meningitis booster is needed before coming to Meredith.

For more information on this latest recommendation please refer to the following CDC web address.
