*"I have learned how to be flexible and use other resources to navigate the language barrier. I now have applicable skills to navigate Spanish and the confidence to use my Spanish more."* – Jada Alicea-Rochelle, Summer 2019

### Journey Highlights

Have you heard that Costa Rica has been ranked the world's happiest country a number of times in recent years? It is known for its hospitality and natural beauty, so whether you are a major, a minor, or just looking to improve your Spanish skills, this program will help you to learn the language in an engaging way that promises new experiences and adventure.

The program is based in the province of Heredia, which is part of Costa Rica's central valley. You will live with a host family, if health and safety conditions allow. The Office of International Programs, in collaboration with our local partners, will make a decision about housing arrangements in spring 2022.

You will embark on a variety of *aventuras*, including a group weekend excursion to a rural mountain town, a visit to waterfalls, a hike on a volcano, and hummingbirds just inches from your eyes. The excitement awaits you!

There will be multiple required orientation meetings between spring break and our departure date.

**Note:** While this brochure describes what we plan to offer in summer 2022, Meredith College Office of International Programs reserves the right to make changes to the program itinerary, program capacity limits, schedule, cost, academic program, etc., as necessary.
